

FELT LIKE A NEW PERSON

After Taking Only One Box Of "Fruit-a-tives"

EAST SHIP HARBOUR, N. S.
 "It is with great pleasure that I write to tell you of the wonderful benefits I have received from taking "Fruit-a-tives". For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried "Fruit-a-tives" and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening Headaches".
 Mrs. MARTHA DEWOLFE.
 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

LAND ACT

Prince Rupert Land District—District of Coast, Range 3.

HALIBUT INDUSTRY LOST TO SEATTLE

The current issue of the Pacific Fisherman gives four and a half pages of free advertising to Prince Rupert in the shape of arguments to be placed before the Senate at Washington giving reasons why halibut for American consumption should be shipped in bond from American ports instead of being packed and shipped from Prince Rupert as at present.

The article states that Seattle has lost fifty per cent. of its fishing industry to Prince Rupert during the past twelve months and that several freezing and storage plants are idle and others are on part time. "The entire industry must meet the same fate, making valueless the American investment if present conditions are continued."

The article goes on to say that Canada's methods have increased the cost of fish to the American consumer by over 300 per cent. Objection is also taken to the fact that while Canadian fish is allowed free entry into the United States, American fish is not allowed entry into Canada free of duty.

It also states that American firms using the government wharf are under disadvantages in charges for wharfage on ice, boxes, etc., while the space rented is at the disposal of others when not being used by the companies.

It describes the Canadian Fish and Cold Storage plant as a "government plant" and objects to a subsidized plant being in open competition with the private American buyers.

There are many reasons given for the transference of the halibut industry from Puget Sound to Prince Rupert, all of which are more or less to the point, but the

chief is the admission that halibut became scarce on Puget Sound and plentiful in Prince Rupert. Much of the article is taken up with charges against the Canadian government of trying to capture the halibut industry by stealth to the everlasting detriment of the American firms and the industry generally on the other side. The situation is viewed entirely from the standpoint of the fishing companies. It would be interesting to have an article written by one of the American fishermen who find that they are well treated in Prince Rupert and that by trading here they make more trips in a given time and, therefore, more money.

PROHIBITION

(Special to The Daily News.)

Lethbridge, Aug. 25.—Prohibition is emptying the provincial jail and there are not enough prisoners on hand to furnish the labor to harvest the prison crop.

Coughing scatters germs — Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others.
 Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure.
 The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is specially due to its great value as a permanent lung and bronchial healer.
 Sold everywhere, 35c large bottles.
 J. L. MATHIEU CO., Prop., Sherbrooke, P.Q.
 For bottles see Mathieu's Service. Dealers—those are obliged also to clear the jar and glass, and accompany with the box of 25 papers. 4-13

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the
Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
 Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of those will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfillment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

**PRODUCE MORE, SAVE MORE.
 MAKE LABOUR EFFICIENT.
 SAVE MATERIALS FROM WASTE.
 SPEND MONEY WISELY.**

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
