FAIR NOTES

A splendid program has been arranged for the Prince Rupert Fair to be held on the 20th, 21st and 22nd of September.

A good line of exhibits are promised in all industries, a feature in the fishery exhibits being the collection of Mr. C. Harrison of Massett.

Competition will be as keen as usual for the Dewar Cup in the District Exhibit. On recommendation of the judges, a new system of point scoring has been adopted, and this competition has now been placed on the same basis of competition as is in vogue in other parts of the province.

Attractions of all kinds in the way of sports, fireworks, vaudeville, baseball and football are promised, and the usual old time barn dance will wind up the event.

A change has been made as to the distribution of prizes, the directors having decided to use all efforts to pay all prizes on the day of the exhibition this year, instead of mailing them later.

The transportation of exhibits has been considerably improved over the previous years. All exhibits are subject to a refund of all freight paid, provided they are disposed of for charitable purposes.

The directors have arranged for all exhibits, the owners of which are willing to send in under the above ruling, to be sent in freight charges collect. The freight will then be paid by the Association and a refund obtained by them. In sending in exhibits under this arrangement, address them to the secretary, N. B. C. Assn., Prince Rupert. The freight must be paid by exhibitor on all exhibits the return of which is desired by exhibitor, in the usual way. All charges for transfer from dock or depot to building are paid as usual by the Association.

ELLA HALL IN "JEWEL" AT WESTHOLME THEATRE

Miss Ella Hall, in "Jewel," a five-reel picturization of Miss Burnham's famous novel, is the big attraction at the Westholme tonight. It is the story of a gruff old aristocrat and his little granddaughter, "Jewel," whom he has never seen, until he is asked to take care of her for a few weeks while her father and mother are abroad. "Jewel" captivates the old gentleman, who hates children, and wins the hearts of all around her. She has been brought up in a Christian Science home and brings her teachings to bear upon every situation with marvellous results. A fine Nestor comedy and the 3rd episode of "The Master Key" complete a very fine show. The musical program will take the form of a piano and violin recital of classical numbers.

"DOCTORED" MUD?

One extraordinary feature of the recent operations on the Somme is owing to the weather. In the earlier days of the advance the heat was extreme, water was very hard to get up to the men in front, and they suffered in places from heat and thirst. Then came the tremendous rains, and the hardships from cold and wet were even worse than they had been in the heat. The condition of the trenches became indescribable. Bombers state that it was impossible to throw bombs with any effect, because no man can throw his best when fixed immovably up to his knees in liquid glue. So extraordinary is the mud—so sticky and glutinous—that there are many who believe that it is not natural, but has been "doctored" in some way by the enemy before he went, a suspicion which is deepened, if not created, by the fact that it seems to produce a great many sore feet.—Scotsman.
