To the Editor,

If it be asked what has caused such a wave of sentiment in favor of Prohibition to sweep over the country, I reply—the example of Russia in contrast with our apparent helplessness.

Russia saved the day so far as the war is concerned and saved her people from degradation by one decisive act of prohibition. Russia was able to do this because of her national ownership of the liquor trade. Had there been the license system and a huge monopoly entrenched behind special privileges and vested rights her hands would have been tied, just as Great Britain's hands are tied, as Lloyd George has discovered.

"Britons never shall be slaves" we proudly sing, and yet we allow a privileged class to expend thousands of dollars, made through our voting to them a lucrative monopoly, to frustrate the evident desire of our people for a great reform.

In municipal, provincial and Dominion politics the organized liquor trade exercises a most baneful power.

Politicians have been known to tremble before this power.

Aldermen have been known to cringe like slaves before this power and vote as told.

Business men have been known to sign petitions against their will because of this power and the big club held over their heads.

This is the logical result of the license system and a huge monopoly. British Columbia is the last stronghold of the liquor trade in Canada. The united efforts of the whole liquor interests from the Atlantic to the Pacific are being concentrated upon this

It's Time for a Change

VANCOUVER SAID SO IN FEBRUARY.
VICTORIA SAID SO IN MARCH.
ALL THE PEOPLE SAY SO NOW.

Bowserism means playing the magnate against the people.

Bowserism means closed corporation towns, as in Granby.

Bowserism means feeding millions to the railroad contractors and no questions asked.

Bowserism means taxing the Granby Company \$7.50 an acre on their built-on lands, and taxing adjoining property \$400 an acre.

A change of government means more change in your pocket.

A change of government means agricultural and mining development along sane lines.

A change of government means giving the land to the farmer instead of to the speculator.

A VOTE FOR WILLIAM MANSON IS A VOTE FOR BOWSERISM—A VOTE FOR T. D. PATTULLO IS A VOTE FOR YOURSELF AND FREEDOM.

province at this time in order, by keeping out one province, to frustrate a Dominion Prohibition Act.

Russia is free. Canada is not, because she has sold her birth-right.

Fight for Freedom. Vote for Prohibition.

Yours faithfully,

F. H. DU VERNET,
Bishop of Caledonia.

"The soldiers frankly are sick of politics in army affairs. They feel that the issues are too vitally important for this and they ask that the whole matter of military control, administration and equipment should be taken wholly out of the hands of politicians and placed under an expert non-partisan board; that ministers should be debarred from bringing pressure, direct or indirect, upon commanding officers to recommend men for promotion or appointments; that appointments should be made irrespective of political affiliations and that ministerial commands to army commanders or their subordinates should cease."

2,000,000
Belgians
Depend on us
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also --- particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
