To the Editor:—

If given a trial the British Columbia Prohibition Act will beyond all question accomplish two things:

It will close the licensed bars thereby breaking up the present treating system, and it will take the liquor trade out of politics.

If after a fair trial some defect in the working of the Act is found we can quickly remedy this, once we are free from the tyranny of a powerful monopoly.

The British Columbia Act is based upon the Manitoba Act and is almost the same as the Alberta Act which are now both in force.

The Lieut.-Governor of Alberta says the Act in his province is working "most satisfactorily."

The Lieut.-Governor of Manitoba says the Act in his province is "an unqualified success."

The British Columbia Act will be as successful in lessening crime and promoting prosperity if we only try it.

Yours faithfully,

F. H. DU VERNET, Metropolitan of British Columbia.

TREASURY CERTIFICATES

The city solicitor reported to the city council last night that, with the exception of certificates to the value of £600, the treasury certificates had been paid and had been returned to the city.

Of the £600 which had not been presented for payment, the bank reported that certificates to the value of £225 had been lost. Ample security had been given for these. On the recommendation of the city treasurer, it was decided to hold the certificates pending examination by the auditor after which they should be destroyed.

It's Time for a Change

VANCOUVER SAID SO IN FEBRUARY.
VICTORIA SAID SO IN MARCH.
ALL THE PEOPLE SAY SO NOW.

It is not necessary that we have a Liberal government in British Columbia; it is not necessary that we have a Conservative government in British Columbia, but it is absolutely essential that we have CLEAN GOVERNMENT.

Bowserism, as a system of government, is inherently unclean. It starves development and makes the settler dependent upon the government for part of his living and produces a system of political peonage which should be foreign to any part of the British Empire.

A VOTE FOR WILLIAM MANSON IS A VOTE FOR BOWSERISM—A VOTE FOR T. D. PATTULLO IS A VOTE FOR YOURSELF AND FREEDOM.

GEO. L. CLAYTON WILL DISCUSS LIVE TOPICS

George L. Clayton, who is south on important business, expects to return shortly and is anxious to have an opportunity to address the public of this city upon live topics which will interest the citizens. He asks that the public defray the expense of renting the Empress Theatre or some other suitable building. Mr. Clayton wishes to discuss important matters relative to the fishing, mining and industrial development of this district.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of those will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"To win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—SIR THOMAS WHITE, Minister of Finance.

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who ought must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
