Are The Four Fruits Used in
Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

in its plant, yet he criticised the transaction today.

Referring to the city charter, Mr. Pattullo said that he was a member of a citizens' committee sent to Victoria to procure certain things in the charter. Bowser refused them and William Manson was told to take the matter up in the house. What did William Manson say? "Mr. Speaker, the people of Prince Rupert have asked for these things in their charter and the government in its wisdom has not seen fit to grant them, so I suppose they must be satisfied." "That finished me with William Manson," said Mr. Pattullo.

Road Fund.

Mr. Pattullo then went on to deal with the road fund, which he described as a "slush" fund with which to buy the support of the electorate. He said that near Terrace, a friend met a man and asked him what he did for a living. The reply was "Oh, I'm on the Conservative executive."

Reading from the votes and proceedings of the Legislature, the candidate pointed out that William Manson, the champion of public utilities, had presented a bill for the incorporation of a telephone company to grab the telephone franchise of the north for J. M. MacCormack, and that this company had prevented a farmer from laying wires as it held the franchise.

After pointing out that hundreds of Imperial Conservatives in Victoria had banded themselves together to defeat Bowser, the speaker said that Sir Hibbert Tupper, who was out to vote a straight Liberal ticket in Vancouver, would be the leader of the real Conservatives after the

VANCOUVER SAID SO IN FEBRUARY.

VICTORIA SAID SO IN MARCH.

ALL THE PEOPLE SAY SO NOW.

The patronage system is the root of all the political evils in British Columbia.

The patronage system gives the machine boss power over the individual voter, and the Bowser bosses have used and are using that power to the limit.

Bowser dare not promise to abolish the patronage system, as it is the life blood of the machine. Without the whip of patronage Bowserism would not last ten seconds.

Brewster has sworn to abolish the pernicious system and his word is his bond.

With patronage gone, the revenues of the province will be used in legitimate development work instead of for the upkeep of a corrupt machine.

Patronage and Bowserism will go out together on September 14th and British Columbia will be a free country for the first time for years.

province had been cleared of Bowser.

Dealing with the Workmen's Compensation Act, Mr. Pattullo showed how Bowser, McBride, and the rest of the gang voted down a measure which was supported by Brewster, Kergin, McGinnis, Yorston and the other Liberals, and later in the same session, the same thing again occurred, yet those were the men who claimed that they had given the province Workmen's Compensation. It had been forced from them like the rest of their recent legislation. In conclusion, he called upon all to oust the Bowser government. It was not a matter of his personality, which some might

not like; it was not a matter of Liberal or Tory, but a necessity that Bowser be defeated and Mr. Brewster, who had stood the test for years, given the reins of government, not for any party, but for the people.

At the close three rousing cheers and a tiger were given for the Liberal candidate.

2,000,000
Belgians
Depend on us
for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

**Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.**

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lansden Building, Toronto.

Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."

SIR THOMAS WHITE, Minister of Finance.

**PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.**

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? \$20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of \$500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
