DEADLY FRENCH BAYONET WORK—GREECE SENDS AN ULTIMATUM TO GERMANY

GENERAL BYNG PROUD OF HIS CANADIAN BOYS

Officer Commanding Canadians Cables Congratulations to Borden—Germans Lose Many Men.

(Special to The Daily News.)

Ottawa, Sept. 21.—General Sir Julian Byng, in command of the Canadian Expeditionary Force, has cabled congratulations to Premier Borden on the splendid gallantry and resourcefulness shown by the Canadian troops in the recent prolonged battle on the Somme front.

Germans Repulsed.

Despite the inclement weather, the British and French have repulsed numerous exceptionally fierce German massed formation attacks on a three-mile front in the Le Priez farm district.

During this desperate fighting the enemy penetrated a portion of the village of Bouchavesnes, but the French quickly dislodged them with their bayonets. After the attack had been repulsed the battle field was covered with German dead. The Germans also gained a footing at Hill 76 for a short time but the same fate met them there.

LABOR SHORTAGE IN MUNITIONS WORK

(Special to The Daily News.)

Ottawa, Sept. 21.—On account of the inability of manufacturers to secure sufficient assistance in the manufacturing of munitions, the government may find it necessary to suspend the Alien Labor Act.

COMMERCIAL EXHIBITS

The commercial exhibits occupy only one side of the Exhibition Building this year. The stands at either end of the row are appropriately connected with the fishing industry, Inverness Cannery having a very fine display of canned salmon, while Akerberg, Thomson Company at the other end show their "Dandy" Line Hauler, which has attracted so much attention among the halibut fishermen. Jack Venables has a tastefully arranged display of Quaker Oats, for which his firm, G. W. Nickerson Company, are agents here; H. S. Wallace & Company have a tastefully arranged display which is the centre of attraction for the ladies, and F. G. Dawson has a splendidly arranged exhibit of "Empress" goods and Ramsay's biscuits, macaroni, etc., while he is making a special demonstration of Pacific Milk.

DRYDOCK

President Chamberlin has wired to Mayor McCaffery stating that he does not deem it advisable to lease the drydock in the meantime.

GREECE SENDS AN ULTIMATUM TO KAISER BILL

Athens Anxious to Display Greek Change of Heart—Serbians Gaining—Allied Air Raid on Drama.

(Special to The Daily News.)

London, Sept. 21.—It is reported from reliable sources that Greece has at last decided on a departure from her stand of neutrality and, in order to dissipate the apparent mistrust of the Allies in the new Greek cabinet, has addressed an ultimatum to Germany demanding the immediate return of the Greek soldiers captured by the Germans and Bulgarians in the taking of the Greek port of Kavala.

Serbian Success.

The rival armies in Macedonia continue their severe fighting and the Bulgarians are reported to be hastily evacuating Vigiitsa, while they are still retreating north of Sisogerie.

On the Allies' left wing the Serbians have succeeded in capturing heights of 2,625 feet after most desperate fighting at close quarters.

A squadron of Allied aeroplanes has carried out a most successful raid on Drama, a Greek town northeast of Kavala, which is held by the Bulgarians.

TEUTONS RETIRE ON TRANSYLVANIA LINE

The map shows the long and crooked line from which the Teutons are to retire in order to establish stronger lines further in the rear. They will abandon a large part of Transylvania to the Rumanians, who are now pressing through the passes on their front.

LARGE CROWD AT THE EXHIBITION OPENING

A. J. Prudhomme, president of the Northern B. C. Agricultural Association, presided over the opening of what promises to be the most successful exhibition ever held in Prince Rupert. After the opening speech by the mayor, the school children sang "Keep the Home Fires Burning" and "God Save the King," their fresh young voices filling the capacious building.

The hall was thronged with visitors, the little folks predominating as was natural on children's day. All told there must have been about 3,500 visitors to the fair in the course of the day. Both in the afternoon and evening Kitimat band rendered musical selections of a very high order which were greatly appreciated.

Owing to the late arrival of the Prince John, the Islanders were late in getting their district exhibit displayed. Competition for the Dewar Cup promises to be keener this year than ever and Bulkley, Kitsumkalum and Lakelse, Hazelton and Graham Island each has a splendid exhibit of the fruits of their various districts. The judge has no easy task before him as each excels in its own particular lines.

The array of locally grown flowers is magnificent, in spite of the fact that the summer has not been so favorable as last, while the display of home cooking, preserved fruits, candy, etc. is well up to the usual high standard. The art display is smaller than last year and as usual contains several very fine specimens of the work of Mr. Pearce.

FOOTBALL

In the first game of the Exhibition football competition yesterday afternoon, the Kispiox boys defeated the Port Simpson team by 3 goals to 2. W. Martin was referee. Today Kispiox and Kitimat meet in an encounter for the cup.

DERBY SAYS WAR WILL LAST THRU WINTER MONTHS

Winston Churchill Credited With Aiding in the New Armored Motor Idea—Railway Crisis Over.

(Special to The Daily News.)

London, Sept. 21.—Lord Derby, who figured prominently as the director of the last great recruiting campaign in Britain, announces that he is satisfied that the war must last throughout another winter.

Churchill's Idea.

Winston Churchill, who resigned his seat in the house to accept a commission in the army, is credited with distinction in connection with the manufacture of the new armored motor cars which have struck such terror into the Germans, who describe them as travelling forts, while others describe them as "armored land-ships." Mr. Churchill, who is a son of the late Lord Randolph Churchill, and a descendant of the famous Duke of Marlborough, figured prominently in the South African campaign as a war correspondent and later as a soldier. He has always been a man of original ideas.

Railway Crisis.

The railway crisis in England, which threatened to dislocate arrangements for the shipment of troops and munitions, has now been amicably settled. A compromise has been made by offering the employees a double war bonus.

CROP COMPETITION IN BULKLEY VALLEY

In the crop competitions held under the Bulkley Valley Farmers Institute, A. J. Prudhomme, in his first season as a rancher, had the satisfaction of taking second place for potatoes and third place for oats. The government offers \$25 in prizes and to this was added \$20 by the institute so that \$45 was divided into three prizes. At the beginning of each season the farmers decide as to what crops shall be included in the competition. The following were the points scored by the various ranchers:

Potatoes.

(1) J. J. Bakke, 86, (2) A. J. Prudhomme, 83 1/4, (3) Joe Bourgon, 82 1/2. Wm. Croteau, 82, F. M. Dockrill, 81 1/4, P. R. White, 80, F. G. Heal, 76 1/2, and E. C. Barger, 76.

Oats.

(1) Wm. Croteau, 89, (2) J. J. Bakke, 87, (3) A. J. Prudhomme, 85, F. G. Heal, 84, F. M. Dockrill, 82 1/2, Joe Bourgon, 75 1/4, E. C. Barger, 73 1/4.

BASEBALL

There are three entries for the Exhibition baseball competition, Kispiox, Port Simpson and the Catholic Club. The games will open this afternoon.

NEW YORK CITY FACES SERIOUS LABOR PROBLEM

Companies Refuse to Heed Mayor Mitchel's Appeal—Running Fight in Streets—General Walkout Coming.

(Special to The Daily News.)

New York, Sept. 21.—The strike situation here has assumed alarming proportions and the transit companies have flatly refused to consider Mayor Mitchel's personal appeal to effect a settlement with the strikers.

The union men and their friends attacked four surface cars and engaged the police in a running fight. Several men were injured and one woman. Many arrests were made.

The unions are completing their preparations for a general walkout. The whole trouble arises out of the fact that the traction companies absolutely refuse to recognize the union and have engaged non-union men to take the places of the strikers. The various labor organizations are determined to lend their assistance to the railroad employees and it is feared that 700,000 men will quit work on short notice.

PARLIAMENT BUILDINGS COMMITTEE TROUBLES

(Special to The Daily News.)

Ottawa, Sept. 21.—The government has requested Sir Wilfrid Laurier to appoint new Liberal representatives to the committee for the reconstruction of the Parliament Buildings. The Liberal members formerly on the committee resigned because they did not agree with the plans of Hon. Robert Rogers for the construction of an entirely new building at enormous expense while the two million dollar wall of the old building could have been used in the reconstruction.

FIVE MASTED SHIP INCA IN DISTRESS

(Special to The Daily News.)

Seattle, Sept. 21.—The five-masted full-rigged ship Inca, bound from Melbourne, Australia, for British Columbia to load lumber, is reported in distress off Tatoosh Island.
