LABOR PARLIAMENT TACKLES BIG PROBLEMS

Toronto, Sept. 26.—Urgent necessity for immediate action by the Dominion Government to control food prices, under the War Measures Act, and opposition to establishment of compulsory military service in Canada was recommended to the delegates of the convention of the Canadian Trades and Labor Congress yesterday in the report of the executive committee. The report also spoke for participation by Canadian labor in the peace conference proposed by the American Federation of Labor, for all labor bodies in Europe and America after the war; appointment of a commission on industrial conditions; nationalization of railways, mines and public utilities; an extensive system of highways; adoption of a policy for close land settlement which will provide sufficient aid to guarantee the right kind of settlers and insure social amenities; shortening of the work day to provide employment for unemployed; a gradual disbanding of enlisted men covering a period of at least two years, and increase of pensions for soldiers and incapacitated soldiers, with no distinction between children of officers and men; a vote of \$20,000 to buy permanent quarters for the Trades and Labor Congress in Ottawa.

A new draft act to take the place of the present Industrial Disputes Act, which was drawn up by the executive's solicitor, will be discussed this afternoon in the presence of the minister of labor and Mr. O'Donoghue.

There were three cars of fish on the train for the east this morning.
