

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 2nd, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well".

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

METER INSPECTOR

The meter room in the city hall has been a busy spot for the past week while Inspector McNiven of the government electric inspection service tested some three hundred meters. The meters have to be thoroughly tested every five years, so that those examined on this occasion were installed in 1911. After being carefully cleaned, each meter is wired up on a testing board alongside a rotating standard meter; the power turned on and the number of revolutions checked up.

Any faults having been corrected, the meter is then transferred to another board where it is left for an hour with the power on in order to test the gearing attached to the registering dials.

Mr. McNiven says that the testing bureau here is the best equipped of any outside of the large cities of Vancouver and Victoria and the department had every-

thing in such good shape that he was able to get through with his work in remarkably quick time.

Coughing scatters germs — Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others. Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure. The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is specially due to its great value as a permanent lung and bronchial healer. Sold everywhere, 35c large bottles.

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency.
