BOARD OF TRADE AND BAIT SHORTAGE

At the Board of Trade meeting on Friday night, J. T. C. Williams raised the important matter of the scarcity of herring bait for the halibut fishermen. He proposed that the halibut men be allowed to carry a small net with which to catch their own bait wherever herring were found, these to be used exclusively for bait and no license to be charged for the privilege. He said that several of the halibut men had been taking salmon owing to the shortage of herring bait.

George R. Naden said that he was told that a cannery had refused to sell salmon when asked to provide them for bait.

Mr. Williams did not think that this could be so, though salmon were so valuable this year that the cannery wanted all they could get for canning purposes. The matter will be brought before F. H. Cunningham and D. N. McIntyre when they visit Prince Rupert this fall in connection with their duties on the Fisheries Advisory Board.

GREAT NEW SERIAL AT WESTHOLME THEATRE

The second installment of the Mexican serial "Liberty," at the Westholme last night, bore out the promise which the first two reels gave. As Liberty, the daring young lady who is carried off by bandits but makes her escape by climbing a precipice with the assistance of an equally daring young man, in the person of Eddie Polo the strong man of the screen, Miss Marie Walcamp is splendid.

"Fatherhood," the five-act western drama in which Hobart Bosworth plays the leading role, is a pleasing drama in which there are several remarkable coincidences and a great deal of the human element. It is an interesting tale from start to finish and Bosworth plays splendidly the part of a ranger who has suddenly found the love of a young wife in his later years after he has devoted most of his life to the acquiring of wealth. A Nestor comedy completes a good show.
