## HOW THE PRESIDENT OF THE U. S. IS ELECTED

As there seems to be a good deal of doubt as to the methods by which the president of the United States is elected, the following explanation may be interesting, while it explains the reason for the delay in receiving the actual result: "Each state is entitled to and elects presidential electors equal in number to its Senators and Representatives in Congress combined. These electors when chosen meet at their respective state capitols and ballot for President and Vice-President. One of their number is then chosen as messenger to convey the sealed certificate showing the result of the balloting to Washington, where he delivers it to the presiding officer of the Senate. When the returns from all the states have been received, the President of the Senate, in the presence of the Senate and House of Representatives, opens the certificates, and the votes for President are counted and the result announced. The person having the highest number of votes for President, providing such number is a majority of all votes cast, is declared to be President-elect." The total number of electoral votes is 531.

## MILITARY TRAINING IMPROVES PHYSIQUE

Probably never in the history of the world has it happened that a great part of a nation has improved its physical standard so rapidly (says the Nation). In whole battalions of Lancashire recruits the uniforms that were issued on enlistment have been exchanged since for larger sizes, and the people of the districts where the new armies have been billeted have remarked the extraordinary change that has come over these soldiers with a few months of open air and good food.—Ex.

# 2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

# Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Send your subscriptions weekly, monthly or in one lump sum to Local or Provincial Committees, or to the

# Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also—particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

**Sincerity -- Enthusiasm -- Advertising:  
Three mighty forces, close-linked.**

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lansden Building, Toronto.
