LUMBERMEN WANTED

The British army requires lumber just as much as it requires munitions and there are many men in Canada who can do their share for the Empire by enlisting in the Forestry Battalions. Sergt. Stokes is at the Red Cross rooms recruiting for a new Forestry Battalion and blacksmiths, teamsters, chauffeurs, sawyers, filers, edgemen, fellers, laborers and anyone having a knowledge of lumbering will be welcomed to the ranks. tf.

RETURNED SOLDIERS' CONCERT WAS GREAT SUCCESS

(Continued From Page One.)

wondering why the something or other they could not have strawberry jam. Speaking of jam, Sergt. Neville described how the first hand grenade was made from an old jam can filled with pieces of stone and glass and then went on to describe the latest model, invented by a sergeant of the 42nd Highlanders, which contains a new high explosive and is effective at 300 yards. The first was called the "Tommy Tickler," because its coat was a Tickler's jam can. The piece went with a swing which was delightful, the boys breaking out spontaneously into songs of the trenches, their own particular ditty being "We're the boys from the west of Canada, and a province they call B. C." and winding up with a trench version of "Tipperary." Pte. Cliff Brethour gave a demonstration of the "Trench Tango" and Pte. Jack Bradbury seemed to be playing his accompaniment with his back against the pillar at the side of the stage.

After Sergt. Neville had explained the advantages of the Lee-Enfield rifle, which is now used by all the British troops, the company lined up for the "General Salute," Bugler Hinckley playing the salute and the boys standing at the salute while the audience stood and sang the National Anthem, bringing to a close one of the finest performances ever staged in the city. The highest credit is due to the soldiers and to those who so ably assisted them in carrying out their program. The management of the Westholme Theatre regret exceedingly that they were unable to screen the war pictures, which had been specially reserved for this occasion, owing to the fact that the flags draping the ceiling penetrated the rays from the operating machine and deflected them from the screen.

Mr. and Mrs. C. A. G. Armstrong and family returned early this morning from the east. Mrs. Armstrong and the children have been in Marquette, Mich. for some time and Mr. Armstrong met them in Winnipeg. Mrs. Armstrong found the eastern climate trying after the milder weather on the coast and is delighted to be back again in Prince Rupert.

NEW HAZELTON TO HAVE ELECTRIC LIGHT

New Hazelton is about to get an electric light service. Local parties, headed by F. C. McKinnon, propose to develop the water in Mission Creek at a point in New Hazelton known as the falls, just south of five-mile. A sufficient supply of power can be had to light a good-sized town and also to supply sufficient energy for some industrial enterprises. The development of this water power will be welcomed by all interested in the welfare of the community.—Omineca Herald.

ATTENTION VOTERS

Persons who hold lots under agreements, or assignment of agreement, must make a declaration giving particulars of their title, before the last day of November. Any person neglecting to take such declaration will not be entered on the voters' list.

It is impossible for me to ascertain the names of agreement holders unless they come in personally.

It will greatly facilitate matters if persons wishing to make declaration bring their agreements, so that I may inspect them and thus prevent errors.

Reference to old voters' lists satisfies me that only a small proportion of agreement holders have registered in past years. This, I believe, has happened because people wrongly think their names will be inserted without any action on their part. I therefore call special attention to the necessity of agreement holders making declarations.

FRED PETERS, City Clerk.
