Those New "Bran Foods"—a new one is born every week—a recognition of the need of food laxatives instead of drug laxatives. The problem of presenting bran to the human stomach in combination with a nutritious, easily digested food was solved twenty years ago by the invention of Shredded Wheat Biscuit, the food that supplies all the body-building material in the whole wheat grain in a digestible form, combined with bran, which is Nature's laxative. A body-building, strength-giving food. Serve with milk or cream or sliced peaches and cream or other fruits.
