## DELEGATION TO OTTAWA TO COMBAT CANNERY MONOPOLY

(Continued From Page One.)

Prince Rupert was the most important fishing centre on the coast.

The matter of protection was also discussed. Mr. Cunningham said this was up to the naval department and was being attended to.

A common license for all classes of fishing was asked for. Mr. McIntyre saw difficulties in the way, but admitted that deep sea licenses were too high.

The allowing of fishermen to use gas boats was next discussed. Mr. Cunningham said that many of the fishermen objected to this. Each member of the committee spoke strongly in favor of it. Mr. Morrow pointed out that fishermen living in Prince Rupert could not row all the way to the Skeena.

In regard to the introduction of more hatcheries, Mr. Cunningham said that he strongly favored this and it was having attention.

The introduction of salmon traps in the north was strongly opposed. Mr. Cunningham said that applications had been made and that one of these would be granted, but he would see to it that none would be given which would interfere with the Skeena fishing. None would be given within No. 2 district.

W. E. Williams raised the question of free bait, without restriction, to American halibut boats. He said that nine boats had been penalized for using Canadian bait and not returning with their fares to a Canadian port. Mr. McIntyre said that the customs department had remedied this by allowing the boats to return now.

At the close of the meeting, Mr. Morrow paid a compliment to the representatives, referring feelingly to the fact that Col. Cunningham had lost one of his sons at the front and had two more on active service. Mr. Morrow spoke strongly against the cannery combine and said that the people of Prince Rupert would fight for their rights. A hearty vote of thanks was accorded Messrs. Cunningham and McIntyre at the close.

## ATTENTION RATEPAYERS!

A bylaw to maintain a reserve to ensure prompt payment of instalments on our debt is to be voted on by you on the 11th January.

We submit the following reasons in favor of said bylaw:—

(1) The reserve fund has already been established this year, and has in practice been shown a great success.

(2) There always has been, and always will be, a shortage in collection of special rates for local improvement and other by-laws, which shortage has heretofore been made good from general revenue, but to do this the city has often been required to borrow from the bank, and always to place in the yearly estimates a sum to meet this shortage. With the reserve established we will neither have to borrow nor estimate.

(3) Instead of borrowing from the bank at six (6) per cent our reserve will receive the benefit of delinquent interest, and will pay to general fund six (6) per cent per annum on the whole amount of such reserve, and this will in fact reduce taxation to the extent of nearly Four Thousand Dollars (\$4,000.00).

(4) The scheme has been heartily endorsed by Sir Frederick Williams-Taylor, General Manager of the Bank of Montreal, also by the largest bond houses in Canada, as well as the Bond Dealers' Association of Canada.

(5) We believe that the establishment of this reserve will materially increase the selling price of any bonds we may hereafter issue, and will have a far-reaching effect in the general financing of the City in the future.

(6) The City Treasurer will be happy to show to any ratepayer detailed reports and full explanation of the whole matter, and also the letters of commendation received.

(7) Clearly remember not one dollar of this reserve will be raised by extra taxation.

E. D. JOHNSON, City Treasurer.  
FRED PETERS, City Solicitor.
