After Taking Only One Box Of "Fruit-a-tives"

EAST SHIP HARBOUR, N. S. "It is with great pleasure that I write to tell you of the wonderful benefits 1 have received from taking "Fruit-atives". For years, I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried "Fruit-a-tives" and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening Headaches".

Hon. John Oliver has sent an The Department of Agriculture ultimatum to the Canadian Northern Pacific demanding that it pay for the use of the New Westminster bridge in thirty days and agree to meet future payments when they fall due. "Honest John" is right on the job.

> Scientists claim to have discovered the substance that produces growth in the human body. It is called Thelelin and is located in the pituitary body at the base of the brain. Scientists say that by retarding or accelerating its functions it may be possible to control the stature of human beings. Possibly they may be able to control the growth of the brain as well but they had better keep in mind H. G. Wells' "Food of the Gods," while they are experiment-

It is stated by a Santa Clara, California, professor that about eight billion miles of spots are now marring the face of the sun. The professor states that there is a great scar visible and that one can see further into the sun than ever before. It would be a relief if Wilhelm could be stuffed into that scar.

San Francisco has just launched the largest floating drydock in the world . It will accommodate the largest vessels sailing out of Frisco. At that, it may not be any bigger than the drydock in Prince Rupert.

The preserving of neutrality in Europe is a delicate matter. In order to show no favoritism, Holland is obliged to ship 80 pounds of bacon to England for every 100 pounds of fresh pork she sends to Germany.

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks-they have had no chance to raise moreand the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread-but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month-every month-all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity for the sake of our own self-respect—let us give all we can so help our martyred Allies!

friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them.'

"All I know about photography," declared a well-

known amateur, "I have learned from the men who

advertise cameras, plates, papers and films." Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled

thereby. Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."
