LORD MAX REMAINS CANADIAN EYE WITNESS

(Continued from Page Three)

put in his place. There are a dozen Canadian newspaper men who would do the job well, and two or three who could do it splendidly. The newspapers can sink their little jealousies and decide on the best man, or the government might do it. It doesn't matter about his politics. Only let him have the nose for news, the industry to keep at it, and the ability to write it.

So far from letting any Canadian have a look-in at the job as assistant—that is to say, as the real correspondent who would do all the hard work and take all the risks, it is notorious that Sir Max turned down the applications of half a dozen first-class Canadian newspaper men who were kicking their heels in London. Instead, Sir Max turned the job, or such parts of it as he cared to undertake, to a London newspaper correspondent who duplicated his London copy and signed Sir Max's name to it for Canada. This may have been good stuff for the London newspapers, but for Canada it was next door to nothing, because it mentioned the Canadians only in general terms and when it did come to special performances it omitted the names, places, dates and other identifying circumstances. Even this hollow mockery of Canadian news has been intermitted lately so that Canada knows nothing about what her boys are doing save through letters home and other private channels.

The opinion prevails here that it is time to end this farce of an Eye Witness whose Ego takes so much witnessing that he can't get away from London where the peerages are being distributed. If the Borden government is anxious to stimulate recruiting it will speedily replace Lord Brunswick with a humbler but more industrious reporter who will not give the war the absent treatment it gets from the present Eye Witness.—H. F. Gadsby.

Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance. We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, 54 is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:— I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.
