382 St. Valer St., MONTREAL.
"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 160 pounds. Then several of my friends advised me to try "Fruit-a-tives". I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pain and Constipation were cured. Now I weigh 208 pounds. I cannot praise "Fruit-a-tives" enough". H. WHITMAN.

HIGH COST OF LIVING RESOLUTION PASSED

The finance and general committee of the city council brought in a report on the high cost of living on Monday night. The report stated that the report from the various merchants had been carefully considered and that there was nothing to show that the prevailing high prices are due to any action on the part of the merchants of this city but that the high prices are caused by the manufacturers amongst whom there are signs of combination for the arranging of prices. The committee recommended that the resolution of the Nanaimo city council be endorsed.

Mr. Peters, not being satisfied with the wording of the Nanaimo resolution, drew up the following, which was adopted on motion of Ald. McMeekin, seconded by Ald. Dybhavn:

WHEREAS the government of Canada has taken some steps regarding the high cost of living throughout the Dominion, but, nevertheless, in order to obtain satisfactory results some further steps must be taken:

AND WHEREAS the purely local investigations made by the individual cities will not, in our opinion, lead to any very satisfactory results:

BE IT THEREFORE RESOLVED that the Government of Canada be pressed to take prompt and strong measures for the purpose of reducing the high cost of living by regulating, if necessary, the export of food stuffs; the removal of tariff barriers on food stuffs required in Canada; and the fixing of the price of wheat:

AND FURTHER BE IT RESOLVED that the Government of Canada hold a general investigation into the cost of producing canned goods, sugar, flour, and meats; all of which articles, and others besides, are now being charged for at prices which seem exorbitant, which prices it is suggested are caused by the influence of monopolies—and after such investigation to fix reasonable and proper prices for the same.

That a copy of this resolution be forwarded to the Minister of Trade and Commerce for Canada, and a copy to H. S. Clements, the member for this district, asking him to use his influence in this matter.

Ald. Mrlae was of the opinion that the resolution was an improvement on that submitted by Nanaimo. Ald. Montgomery could not see that there was much difference.

Ald. Casey said that there was one omission, in that the matter of the price of meat was not mentioned. He held that there was something wrong regarding the price of this commodity, as it was quoted at such widely varying prices by different firms. The resolution was altered so as to include meats with the other articles mentioned, and adopted unanimously.
