ARE BATHS NECESSARY?

This looks like a foolish question in this enlightened age, but there are nearly a million Americans who knew nothing of internal bathing a few years ago and are now eager to testify that they are fully as essential to health as External Baths.

By a purely natural process of properly using warm water, the "A. B. L. Cascade" removes ALL the poisonous waste from the Lower Intestine, which physicians agree is the cause of 95 per cent of all human ailments.

It instantly relieves constipation, properly regulates the bowels and prevents all the dragging-down which Billiousness and Liver Troubles always create.

E. W. Southall, M.D., of Genesee, N. Y., writes—

"I challenged the doctors in this town last week in regard to what I can do with your 'Cascade'. I can say for a truth that I know the reason for my success with many serious illnesses was due to having the bowels washed out once and sometimes twice a day. I only wish I could make the people in general believe in the efficiency of a good bowel washing. Sincerely yours."

Cyril H. Orme, Druggist, corner 3rd Ave. and 6th street, Prince Rupert has filed a tremendous demand for "J. B. L. Cascade" in the past few years, and will show and explain it to you on request. A free and interesting booklet on Internal Bathing, "Why Man of Today is Only 50 Per Cent Efficient," can also be obtained for the asking. If you prefer, write to Dr. Chas. A. Tyrrell, 163 College street, Toronto, for same.
