RAW FURS! RAW FURS!

GERMANY BEGAN WAR ONE YEAR TOO SOON
(Continued From Page One.)

of neutrals, or the smallest, or all the neutrals collectively.

The war cloud that hung over Europe for thirty years prior to August, 1914, must be dispersed finally and forever. The intolerable conditions prevailing must be finally made impossible of repetition. The horrors and miseries, the suffering and privation, the whole gamut of evil that no single individual can understand through reading the writing of another, that must be seen, felt, experienced, through the senses to be grasped even in outer circles, must never again be a worldly portion.

This will only be possible through making war against war until a humane peace is the reward. It would be as impossible under a German peace as would a railway journey to Mars.

Germany realized all I have here written in a sincerity beyond mere words for the telling. She feels her setting sun. She is reaching out at the two extremes of the compass in vain effort to remedy that "beginning the war a year too soon."

One is her present huge peace propaganda in the United States. The other is her last supreme effort in the levee en masse, the deportation of the Belgian populace, the "kingdom" of Poland, and all the rest of it.

Neither scheme, neither plan, will avail. She feels it, and senses but a desperate postponement of the inevitable. The mills of the gods are grinding.

The article from "Berliner Lokal Anzeiger" is but reiterative proof of open stupendous fact patent to individual or nation who will judicially examine the evidence at this 850th day of hostilities.

The fact is, the issue is no longer between the Allied and Central Powers. They but represent two ideas. One champions justice, humanity, civilization, the right of peoples, respect for moral law, and understanding as to definition of the word honor. The other has deliberately as aim the ultimate domination of the globe by a Prussianized Germany.

Cream of Tartar, the chief ingredient of Dr. Price's Cream Baking Powder, is a product of ripe grapes. It is pure and healthful beyond question.

Alum, the chief ingredient of many of the substitutes offered in place of Dr. Price's Cream Baking Powder, is a mineral acid, which has been disapproved by physicians and chemists for use in the preparation of food.
