**RAW FURS! RAW FURS!****CONTRACT AWARDED  
FOR READING MATTER**

The following tenders for reading material for the reading room were presented at the city council meeting last night: Ormes Limited \$125; McRae Bros. Limited, \$144, and W. W. Wrathall, \$140.17.

Ald. Montgomery said that he understood there was considerable dissatisfaction over the fact that publications did not reach the reading room until about two weeks after the periodicals were on sale at the newsstands. He moved that the lowest tender be accepted and that the tenderer be instructed to deliver the magazines just as soon as they arrived in the city for sale.

Ald. McRae explained that the matter was entirely in the hands of the publishers, who sent on the sale copies ahead of the others.

Ald. Montgomery said that they had nothing to do with the publishers, as the local dealers took in hand to deliver the goods at the prices quoted.

Ald. Casey said that he agreed that something should be done to ensure prompt delivery, but he thought that the tenders did not call for any special delivery and that the newsdealers should have been informed of the fact.

Ald. McClymont pointed out that many of the periodicals published under date of the first of the month, arrived here about two weeks before. Ald. Montgomery's motion carried.

**DOUBLE FEATURE AT  
WESTHOLME THEATRE**

The Westholme Theatre has a big double feature program for Tuesday and Wednesday, when they present Charlie Chaplin in his latest Mutual scream, "The Rink," and Blanche Sweet in the five-act drama, "Public Opinion."

For this show, the Westholme management finds it necessary to advance prices to 25 cents and 10 cents, as these two big features cost so much more than an ordinary program. One can imagine what Charlie can accomplish on rollers and "The Rink" should be the greatest riot of fun seen here for a long time. "Public Opinion," with Blanche Sweet in the lead, should be very much worth seeing.

**THE POWER TO "SACK"**

Whereas, the "New Statesman" says, the secret of a business man's success is usually that he is an autocrat, in a government department he can only be a very qualified and mitigated autocrat. Tell a man of organising genius to co-ordinate and control the huge traffic of a city of seven millions, unregulated for generations, and he will set about and do it. But tell him also that he must accomplish the work with a staff not one member of whom he is at liberty to sack, and he will laugh at you.—Ex.

By giving to the Patriotic Fund you will feel that you have but done your bit.
