A BLACK EYE FOR CANADA

Unquestionably it is with deep regret that the Canadian public learns that Hon. Robert Rogers is in the Prime Minister's party whose safe arrival in England has recently been announced. Why Sir Robert Borden chose that minister as his colleague in Canada's representation at the Imperial conference passes comprehension. Not more than a month ago a Royal Commissioner in Manitoba found Rogers guilty of the most sordid manipulation of a public contract and branded him as a perjurer. It was a verdict in which political prejudice played no part, for Mr. Justice Galt, the commissioner, is a Conservative, as Rogers professes to be, and according to the minister was appointed on his recommendation. The commissioner's finding was in strict conformity with the evidence and Rogers himself knew what it must be, for he attempted to discredit it in advance by making an attack upon the judge.

The other overseas dominions will be represented at the conference by statesmen of high repute and outstanding ability. Why did Sir Robert Borden include among the Canadian representatives a man who stands for a system and methods against which the conscience of the whole decent world has revolted? South Africa, for instance, will be represented by Lieut.-General Smuts. Imagine that soldier-statesman and Rogers sitting at the same council table! There was nothing to prevent this Dominion going to the conference with clean hands. All that was required was a little firmness on the part of Prime Minister in resisting Mr. Rogers' importunities or demands, whatever they might have been, and a decent conception of what is due this country's dignity and reputation. These could have been safeguarded by the selection of Mr. Doherty, or Dr. Roche, or Sir Thomas White, or, particularly, Sir George E. Foster. It is not hard to picture Mr. Rogers' contribution to the discussion at the conference. He

probably will desire to learn from Lieut.-General Smuts who is going to get the fat concessions of minerals and lands in the newly-captured German colonies in Africa and how much the "campaign fund" of the Union Government will be enriched from that source. He not improbably will inquire how much the German indemnities will yield the various belligerents for election purposes. He may wish to know just where the "boys" will come in on the bill that is to be presented to the Central Powers and how much there will be "going in commissions." Undoubtedly he will be unique in that atmosphere but, withal, a poor advertisement for Canada.—Victoria Times.

NOTES AND COMMENTS

We are not in the least anxious to have the United States enter the war, but we would not like it to be said that a nation, speaking the same language as ourselves and with some at least of our traditions, kept its ships at home because Germany told her to, and would not let them venture to sea until Britain had shown that the highways of ocean travel were reasonably safe.

Mr. Edward Lyon, of The Toronto Globe, has been appointed to represent the Canadian press at the front. It is satisfactory to know that at least a real newspaperman has been assigned to that work. Mr. Lyon will not have to employ somebody who has never been in France to write his stories for him.

Come to think of it, it is pretty tough on men like Baron Shaughnessy and Sir Frederick Williams Taylor, for instance, to be told by implication that they are not to be trusted as members of the government of a country which tolerates Bob Rogers in one of the principal ministerial posts.

The Dominion officers charged with the duty of looking into the matter of trusts that are alleged to be at the bottom of the high cost of living are going to prosecute the British Columbia sugar combine. A reduction in the

Are You Intoxicated?

The question is not as impertinent as it sounds. You may be a real teetotaler and yet be "intoxicated"—that is, poisoned by the gases that come from imperfect digestion. The products of food putrefaction are taken up by the blood and often poison the entire system. Cut out meats and starchy foods for a while. Eat **Shredded Wheat** with milk or cream for breakfast; eat it with stewed fruits and green vegetables for dinner or supper. It will cure auto-intoxication and make a new man of you. All the meat of the whole wheat in a digestible form. A perfect meal at lowest cost. Made in Canada

duties that make the formation of combines possible would have more effect than the prosecution of all the trusts (and there are many of them) which are picking the pockets of the people of Canada.

When Lloyd George finishes with his war measures John Bull will hardly know his island. The land problem, the liquor problem and numerous other problems buttressed with moats and drawbridges and fortifications impregnable in time of peace are being solved by the demands of National Safety. State Socialism is making tremendous strides in the United Kingdom at this moment, because in no other way can the war be won.
