"Fruit-a-tives" Again Proves Its Extraordinary Powers

ROCHON, QUE., March 2nd, 1915.
"I have received the most wonderful benefit from taking 'Fruit-a-tives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable without results. I tried 'Fruit-a-tives' and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-tives'. MADAME ISAIE ROCHON.

SERBIA LOOTED BY BULGARIANS

Serbian Army Headquarters, via Saloniki and London.—Perusal of recent Sofia newspapers affords a glimpse of conditions prevailing in that part of Serbia under Bulgarian rule. The view revealed is not comforting to the expatriated portion of the Serbian nation.

For instance, an official notice announces the sale by auction of sundry articles taken from the enemy in Serbia, such as furniture, kitchen utensils and elegant objects of all kinds.

This communique points to a condition of systematic looting by the Bulgarians in the conquered territory.

Another significant announcement is that parliament will shortly be called to vote on a bill for the suppression of brigandage in parts of Serbia in Bulgarian occupation, showing that fresh severities are contemplated against the unhappy population. The plundered people, it appears, are also expected to pay taxes in full, regardless of the pitiable destitution.

To crown all, Serbian banknotes are proclaimed valueless, and silver dinars, coins worth 19 cents, were allowed to continue in circulation only until February 14, although they were accepted by the Bulgarian treaty at fifty per cent discount. After that date they were simply to be confiscated wherever found.

WOULD STANDARDISE FISHING BOATS

The Board of Trade of Victoria have been getting a memorial ready for submission to the government regarding the necessity for standardising the type of boats used in deep sea fishing in the Pacific Canadian waters. It is suggested that a fleet of fishing boats should be built up in Canada similar to the conditions in the North Sea. The usefulness of the standard type of trawlers there in war operations is noted, and a standard type of fishing craft would be equally useful in similar operations on the Pacific coast. It is proposed that the government assist those operating standard type vessels, with an additional bonus for naval reserve men being carried as crew.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly \$3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

CURE IT

Mathieu's Syrup of Tar and Cod Liver Oil not only promptly arrests coughing, but thanks to its tonic and strengthening properties it helps the system to throw off the cold and thus effects a permanent cure. It is this quality which has won for it the largest sale of any cough and cold remedy in Canada.

If you add to French Mathieu's Syrup of Tar and Cod Liver Oil, the essential ingredients of the cure, you will find the cure for your cough and cold.

When a Man Marries

WHEN a man marries he quickly discovers his need of innumerable things he had never thought of before.

And the butcher, the baker and the cabinet maker have a new home to supply.

The new husband and wife must buy things to which they had previously given little thought.

A thousand marriages mean a thousand new homes.

Right here is a fact overlooked by many merchants.

They say, "How could it pay us to keep on repeating the story of our goods or service?"

If they could reach every possible customer with one advertisement—and if people didn't forget—there might be no object in "keeping everlastingly at it."

But because every possible customer does not read every advertisement, you must repeat.

And because these thousands of new homes are every day coming into existence, continuous advertising brings increased results.

Perhaps some people knew your goods or your store five or ten years ago. Since then new generations have come into existence.

The boy of to-day is the man who will sign the cheques to-morrow. To-day your advertisements are of small interest to him. To-morrow he is your customer, if you solicit his trade through advertising.

Every day thousands of people discover for the first time their need of your kind of goods.

Will you be there every day with your bid for their business?

Or will you leave the field to your competitors?

Advertising is the key that opens the door of these new homes to your goods.

Is Advertising on your key-ring?

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503, Lumden Building, Toronto. Enquiry involves no obligation on your part—so write if interested.
