London, March 5.—Russia and Great Britain have reached an agreement on the principle on which each nation will treat the subjects of the other who are residents in its territory.

Every man of military age in either case will be required to enlist, but he may choose whether he shall go home or enlist in the country of his residence.

Russian Jews, many thousands of whom reside in England, were alarmed at reports published some months ago that they would be called back to serve in the Czar's armies. The leading Jews of England joined in a movement to prevent this.

Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. D. M. (name on request) of Strathroy, Ont., writes:— I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

LUX

Won't discolor silks or fade colors.

If you don't use LUX you naturally dread the ordeal of wash day for your silk blouses. Silk fibres are peculiarly sensitive to common soaps and to ordinary wash-time rubbing and twisting. The LUX way is away better—you make a thick, creamy lather, you stir the garment gently about, you rinse thoroughly, you press out the water gently and hang out to dry.

The result is a fabric as fresh as when new. This refers to anything that pure water itself will not harm.
