 British Columbia, as owner in fee under
 two Tax Sale Deeds from the Collector of
 the City of Prince Rupert, bearing date the
 7th day of December, 1916, of ALL AND
 SINGULAR that certain parcel or tract of

 istry Act" with amendments, and to the

 of its pendency being filed before the reg-
 istration as owner of the person entitled
 under such tax sale, all persons so served
 with notice, . . . and those claiming
 through or under them, and all persons
 claiming any interest in the land by vir-
 tue of any unregistered instrument, and
 all persons claiming any interest in the
 land by descent whose title is not regis-
 tered under the provisions of this Act,
 shall be for ever estopped and debarred

**GOOD REPORTS OF
NEW HAZELTON MINES**

Most optimistic reports from
 the Delta and Highland Boy prop-
 erties have come in to New Hazel-
 ton. W. S. Sargent visited the
 mine this week. The main drift
 is in 250 feet and is in almost
 continuous ore. The last 150
 feet is all ore and in the face the
 best grade of ore yet encountered
 is coming in. There is from 12
 to 14 inches now.

The winze which was sunk on
 the east end of the ore shoot is
 down 40 feet and all the way in
 ore with 18 inches at the bottom.
 At 50 feet the dike will be en-
 countered when it is the intention
 to drift both ways and to cut the
 dike.

About 50 feet west of the winze
 a raise has been started and is
 up 15 feet and there are 16 inches
 of clean ore in the top.

On the Delta ground the cross
 cut tunnel is making good pro-
 gress and little seams of ore are
 being encountered. This leads
 the management to believe that
 the vein will be encountered in a
 short distance. If that turns out
 correctly the company will be in
 fine shape with about 1300 feet
 of ground ahead of them.

The tram line is practically
 completed and the shipments are
 expected to start immediately
 from the Highland Boy. At least
 two cars are ready now and a
 car a week can be taken out by
 hand. This ore will be shipped
 via Skeena Crossing until the ma-
 chinery is working, and the Delta
 tunnel gets through.

further progress of General

 No details of the expected stand

 direction, driving the Turks in
 great disorder before them.

**ARE BATHS
NECESSARY?**

This looks like a foolish question in this
 enlightened age, but there are nearly a
 million Americans who know nothing of
 internal bathing a few years ago and are
 now eager to testify that they are fully as
 essential to health as External Baths.

By a purely natural process of properly
 using warm water, the "J. B. L. Cascade"
 removes ALL the poisonous waste from
 the Lower Intestine, which physicians
 agree is the cause of 95 per cent of all
 human ailments.

It instantly relieves constipation, prop-
 erly regulates the bowels and prevents
 all the dragging-down which Biliousness
 and Liver Troubles always create.

E. W. Southall, M.D., of Genesee, N. Y.,
 writes:—

"I challenged the doctors in this town
 last week in regard to what I can do with
 your 'Cascade'. I can say for a truth
 that I know the reason for my success
 with many serious illnesses was due to
 having the bowels washed out once and
 sometimes twice a day. I only wish I
 could make the people in general believe
 in the efficiency of a good bowel washing.
 Sincerely yours,"

Cyril H. Orme, Druggist, corner 3rd
 Ave. and 6th Street, Prince Rupert has filed
 a tremendous demand for "J. B. L. Cas-
 cades" in the past few years, and will
 show and explain it to you on request. A
 free and interesting booklet on Internal
 Bathing, "Why Man of Today is Only 50
 Per Cent. Efficient" can also be obtained
 for the asking. If you prefer, write to
 Dr. Chas. A. Tyrrell, 163 College Street,
 Toronto, for same.
