Felt Wretched Until He Started To Take "Fruit-a-tives"

594 CHAMPLAIN ST., MONTREAL.
"For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I had frequent Dizzy Spells, and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints, and my hands swollen. A friend advised "Fruit-a-tives" and from the outset, they did me good. After the first box, I felt I was getting well and I can truthfully say that "Fruit-a-tives" is the only medicine that helped me." LOUIS LABRIE.

EMPIRE FISHERIES MAY PAY FOR WAR

A plan to make the fishing resources of Hudson Bay, the whale oil of the South Seas and the jute trade of India, help pay off the huge debt with which the British Empire will find itself burdened at the close of the war has been launched in London through the formation of the Empire Resources Development Committee, with Sir Starr Jameson, the organizer of the Jameson raid, as chairman.

The plan is to put the work in the hands of captains of industry, whose business would be the development of potential wealth. The state would back the enterprise, would enlist the work of experts, who would seek out the most valuable resources of the Empire and exploit them for the benefit of the people.

Use for the state, after the war, of the fishing fleet now engaged in mine-sweeping is one of the novel suggestions of Alfred Bigland, member of the House of Commons, and a leading business man, who has travelled extensively in the United States.

"We should tap," said Mr. Bigland, "the fisheries in the Pacific Ocean bordering on British Columbia, in the mouth of the St. Lawrence, and in the waters around Newfoundland and Labrador. We could become the purveyors of fish in all forms, almost to the whole world."

No Limit to Fisheries.

"Already Newfoundland is sending on an average of 300,000 tons of cod to the Mediterranean and neutral countries. There is practically no limit to the quantity and the Grand Trunk Pacific Railway has already offered us refrigerating plants to bring fish from Prince Rupert to Liverpool at 2 cents a ton, which would be reduced still further on Government contracts.

"After the war, if the Government allowed it, all vessels now used in the North Sea for mine-sweeping and other purposes, could be used to form the nucleus of an Empire fishing fleet.

"Cold storage houses should be built in towns all over the land, and profits from the sale of fish caught by the state fleet should go into the state treasury. The fishermen would be paid according to the size of the catch, with a guaranteed minimum."

Mr. Bigland said that he believed that four times as much fish might be sold in this country as was sold before the war, and that the state might make a gross profit of \$180,000,000 a year.

"It may be said," he added, "that this is Socialism run rampant, but it is coming whether we like it or not."

Bathe Internally

Over 50,000 People Are Now Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestine for the most chronic and serious diseases, has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisoned waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's, Druggist, Corner 3rd Ave. and 6th St., or ask there for "Why Man of Today is Only 50 per cent Efficient," a booklet of great interest, which is given free on request. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.

When a Man Marries

WHEN a man marries he quickly discovers his need of innumerable things he had never thought of before.

And the butcher, the baker and the cabinet maker have a new home to supply.

The new husband and wife must buy things to which they had previously given little thought.

A thousand marriages mean a thousand new homes.

Right here is a fact overlooked by many merchants.

They say, "How could it pay us to keep on repeating the story of our goods or service?"

If they could reach every possible customer with one advertisement—and if people didn't forget—there might be no object in "keeping everlastingly at it."

But because every possible customer does not read every advertisement, you must repeat.

And because these thousands of new homes are every day coming into existence, continuous advertising brings increased results.

Perhaps some people knew your goods or your store five or ten years ago. Since then new generations have come into existence.

The boy of to-day is the man who will sign the cheques to-morrow. To-day your advertisements are of small interest to him. To-morrow he is your customer, if you solicit his trade through advertising.

Every day thousands of people discover for the first time their need of your kind of goods.

Will you be there every day with your bid for their business?

Or will you leave the field to your competitors?

Advertising is the key that opens the door of these new homes to your goods.

Is Advertising on your key-ring?

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503, Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write if interested.
