"Fruit-a-tives" Soon Relieved This Dangerous Condition

632 GERRARD ST. EAST, TORONTO.
"For two years, I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of medicine but none of them did me any good. At last, I decided to try "Fruit-a-tives". I bought the first box last June, and now I am well, after using only three boxes. I recommend "Fruit-a-tives" to anyone suffering from indigestion".

CLASSIFYING NATIONAL SERVICE CARDS.

AN OPEN LETTER TO THE RETURNED SOLDIERS AS SOON—GERMAN OR DANE?

Considering myself competent to judge in the above question, I would reckon it a mistake to hold myself back in the case between the returned soldiers and the city engineer, where probably public opinion on a few points has been misguided by ignorance.

With the deepest respect for the returned soldiers and their noble efforts in continuing their fight for freedom and justice in the homeland, I think the matter is started in a wrong place led by a less noble motive. Nobody unless they have lived near it, can understand conditions in the former Danish province of Slesvig-Holsten (Danish as far back as history goes and now under the German flag only through the broken promises of stronger nations). It is in parts still, after more than fifty years, more Danish than any other part of Denmark. I am proud to say that my mother hails from there. She and her people and many, many with them, were forced out after all their property had been confiscated or destroyed. I can understand better today, than before, why her heart burned with anger over German brutality and vandalism and why she taught her children to hate the Kaiser.

In regard to the city engineer's name, it is in my opinion one of the best Danish names, being the family name of one of the most prominent spokesmen of the oppressed Danes of that province and whom I count amongst my own relatives. It would certainly be to add the most crying injustice to these good people's unhappy life conditions to put them down as Germans, though not being Danes by birth. To belong nowhere, is not that the worst of all? If then one tries to make a home and become a good citizen amongst a nation whose shibboleth has always been right and justice, fair treatment should be expected. What will likely color one's life's true tendencies most? The official nationality, at that certain time, of the place where one is born or one's sympathies?

I wonder if the former Danish province or part of it as is the silent hope of all true Danes, shall go back to the kingdom through this present war, will Mr. Lorenzen then be considered German or Dane?

Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:—

"I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade."

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A. Tyrell, 153 College Street, Toronto.

In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 503 Lumden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.
