CHINESE GOT GERMAN VESSELS IN TIME

Prompt action taken by the Chinese naval authorities in seizing the German vessels Deike Rickmers, Sikiang, Albenga, Maillee, Meigah and Fortuna, following the severance of relations with Germany, was fully justified by the discovery of four bombs of high power in the cylinders of the Deike Rickmers, three in the engine-room of the Sikiang and two under the midship boilers of the Albenga, according to advices brought by the Kamakura Maru.

The machinery of the vessels was dismantled and parts were missing. But for the smart and efficient action of the naval officers the six vessels would doubtless have been completely destroyed.
