

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT
78 Lees Ave., Ottawa, Ont.,
August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from *Liver and Kidney Trouble*. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 1/2 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

RECIPROCITY AND THE BORDEN GOVERNMENT

(Continued From Page One.)

with it because the Borden Government was their friend.

At the very outset the government assumed power by means of the War Measures Act to regulate prices or anything else that needed regulating, but they had no intention of hurting their friends. The War Measures Act was a rod in a pickle and that was where they kept it—in pickle. They had no idea of chastizing with it. They simply took the rod and put it away safely where nobody else could get it. The theory was that the people would look at the rod and say, "What a stern disciplinarian this Borden Government is!"

However, you can't fool the people all the time. In the course of a year or two the people got wise to the fact that the last thing the Borden Government wanted to do was to use the War Measures Act against their friends who were treating Canada as their oyster. Naturally enough the people noticed that the half dozen or so high-cost-of-living commissions reported as tardily as possible and that, when they did report, nothing was ever done. Nor did they fail to observe that on every one of their "economic" commission was posted one of the biggest, if not the biggest, food profiteers in Canada, whose cue was, of course, to see things coming and then head them off. The final evidence of bad faith on the part of the Borden Government, which handed Canada over to the looters and said, "Get rich while you can," was when the Minister of Labor, Mr. Crothers, broached a plan to investigate the high cost of living in such a way that there were four chances to one against the results ever reaching Ottawa.

Free wheat as a "war measure" as a favor extended to "our ally," not as an election trick of Bob Rogers and Arthur Meighen's, has a queer smell to it. You may take it for granted that the good of the people is of less concern than the relief it is expected to afford the Borden Government. This high tariff government, which had cheerfully jumped the tariff 60 per cent. in two raises, has not been suddenly converted to freer trade. It simply wants an election cry that will alienate the smallest group of rich friends. This group, no doubt, happens to be the millers. The Borden Government hopes to lose them only for a short time. Remember that free wheat is a "war measure."

Of course this move of the Borden Government admits the whole case of reciprocity, the fatuity of the arguments about "East and West haul," "our wheat losing its identity," and so on, but what does the Borden Government care about consistency when it is in the last ditch? Unfortunately for the Borden Government this country has a good memory. It is a sadder and wiser Canada than it was six years ago when the Borden Government turned the profiteers loose. It was bad enough, heaven knows, in the piping times of peace, but war was the profiteers' moon. When the Borden Government goes out, as it will in the near future, it leaves Canada looking like a sucked orange.

That these fruits of repentance on the Borden Government's part are only shadow pictures is shown by the fact that the tariff is still maintained at its present height. This ring fence is high enough to enable the middleman to shear

both producer and consumer and at the same time prevent cheap food from climbing over. The Borden Government may sacrifice the millers temporarily, but it won't get back to the food store-stallers who put it in office and who keep it there.

As for the western farmer, shrewd student of public questions, he will laugh at this eleven hour stuff. If the Borden Government really believes in freer trade it would have removed that handicap on wheat six years ago. Ten cents a bushel on the exportable surplus of western wheat foots up many millions of dollars in six years. The statisticians can figure it out for themselves. Whatever it amounts to it is that much the western farmer has to forgive. It's a safe bet that he won't do it. He will reckon that a government as badly spotted with war scandals and chronic misdeeds as the Borden Government has too many spots to change in a hurry.—H. F. G.
