Completely Restored To Health
By "Fruit-a-lives"

332 St. Valier St., MONTREAL.
"In 1912, I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 120 pounds. Then several of my friends advised me to try 'Fruit-a-lives'. I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pain and constipation were cured. Now I weigh 238 pounds. I cannot praise 'Fruit-a-lives' enough". H. WHITMAN.

HINDENBURG AND U-BOAT SUPREMACY

News from Berlin sent through the wireless stations of the German Government includes the following:

Hindenburg, in an interview with the representative of the Spanish newspaper "Vanguardia" stated, among other things: "When unrestricted U-boat warfare was decided upon, in spite of the possibility of American assistance for the Entente, it was found that it was even too light. The American war supplies increased even at that time to such an extent that a further increase is not very well possible. Material help cannot be got for a considerable period, and to lessen it permanently is the task of our U-boats. If the British fleet, with the help of the French, Italian, Russian, and Japanese fleets, has been unable up to the present to master the U-boat danger, the American fleet will not be able to do so now. The Entente has not at its disposal a weapon to cope with U-boats. The blockade continues with increasing activity. The more ships sail on the ocean the greater becomes the U-boat booty.

Even with the most intensive labor it will not be possible that an American expeditionary corps of any considerable size can be ready for embarkation to Europe before a year has passed. According to the statement of the Entente leaders, this year ought to bring a decision. We also have taken our measures. The eastern front is fortified and garrisoned in such a manner that Brussilov cannot obtain any results, even with the greatest sacrifices in men. That the events in Russia are favoring our plans nobody in the Entente camps can deny. The western front was made so strong that it will withstand any attack. Today we freely dispose of army reserves of a strength and readiness for battle as at no other time during the war, either for defence or for attack, at any point we please. Everything is a part of a great plan.

Today, after only two months of U-boat war, I can already tell you that our calculations were correct. We stand with our Allies alone in the world, clear and cold. We have weighed every possibility to the best of human knowledge and conscience which is likely to lead to peace and which will lead to peace.

NAVIGABLE WATERS PROTECTION ACT.
R. S. C., CHAPTER 115.
The Grand Trunk Pacific Railway Company hereby gives notice that it has, under section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of Prince Rupert, a description of the site and plan of lumber mill and other works proposed to be built in the Prince Rupert harbor at Prince Rupert, British Columbia, in front of Waterfront Block "C", according to registered plan of the townsite of the said city of Prince Rupert registered in the aforesaid land registry office as No. 923, Section 7.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plan and for leave to construct the said works.

Dated at Winnipeg, Manitoba, this 21st day of February, A. D. 1917.
THE GRAND TRUNK PACIFIC RAILWAY COMPANY, H. H. HANNA, Solicitor.

The date of the first publication of this notice is February 21st, 1917.

GEORGE McRAE, Applicant.

Coughing scatters germs—Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others.

Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure.

The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is specially due to its great value as a permanent lung and bronchial healer.

An Army of Internal Bathers

Over half a million bright, keen, up-to-date Canadians and Americans have found that internal bathing is more essential to their well-being than External Baths.

Have found that, taken occasionally at night, they feel like different people the next morning. No more of that bilious, tired, nervous condition—but, having by Nature's own cleanser, antiseptic warm water, removed all the poisonous waste from the Lower Intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting in healthy accord, bright, happy, clear-headed and confident, eager and capable for the duties of the day.

Dr. Chas. A. Tyrrell, Toronto, Ont.

"Dear Doctor,—I have been using your 'J. B. L. Cascade' for the past three months, and am convinced that it is the most modern and scientific method of dealing with constipation that has ever been devised, and I will lose no opportunity to promote its use among my friends, as I can speak truthfully and enthusiastically as to its merits.

Yours very truly,

J. A. Darrach,

Keep Chickens

This is National Service

The cost of meat is the heavy item in the food bill.

Poultry and Eggs will help take the place of meat.

The food that goes to the garbage pail from the average table will provide one-third the feed for a flock of 8 to 10 hens.

Poultry will thrive where vegetables will not grow. The outlay is small. A few minutes a day is all the time required.

A small flock in your back yard will go far to keep you supplied with eggs, broilers and roasters.

THE DOMINION
DEPARTMENT OF AGRICULTURE,
OTTAWA

HONOURABLE MARTIN BURRELL, Minister.

They will help Keep you

How to go about it

BUY eggs for hatching or day-old chicks; borrow or buy a broody hen or an artificial brooder. A slatted packing-box will house the hen and chicks. Feed the chicks bread crumbs soaked in milk and squeezed dry. Feed five times a day, alternating with prepared chick feed, only as much as they will eat up clean. Remember that a hungry chick is a healthy chick.

CAUTION: Chicks must not be fed until at least 48 hours old, and then only sparingly.

If you can, start now with eggs or chicks; if not, arrange at once with the local poultry association for pullets in the fall.
