A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-tives'."

IN THE LETTER BOX

Prince Rupert, May 11, 1917.
Dear Mr. Editor:

Two days have passed since I respectfully requested those merchants who are reported as having urged the desirability of providing fallen women as a first aid-to-business reception committee for American fishermen when they come to town, to defend their remarkable proposition, but, as none has come forward, it is possible they have had a change of heart and concluded the idea is indefensible. That is unfortunate because the public is entitled to know the names of the merchants who are so filled with solicitude for the entertainment of fishermen that they propose to have it done by the denizens of Comox Avenue. I cannot believe that all the retail merchants are of one mind in this matter and it is unfair to those merchants who conduct their business in a legitimate way to be compelled to suffer the loss of trade which is bound to follow as a result of the questionable attitude of a few.

Fishermen are liberal spenders, but they are not fools; and now that they know how they are esteemed by the merchants of Prince Rupert it could not well be expected that they should be riotously anxious to spend their money here. Probably they will be more determined than ever to get out of town as quickly as possible when their catch is sold.

And there are other troubles that beset the fishermen and which result in driving trade away from Prince Rupert. American captains tell me we have an acting official on the water front who is offensively officious; that he compels them to report their arrival any hour of the day or night; that he arrogates and exercises powers for which he has no authority; that he affects a bulldozing manner and is often hot-tempered and uncivil; that he imposes unnecessary restrictions

and has been doing other things not warranted by law. (I may have more to say about this some other time.) So the fishermen's lot here is not particularly happy. Yet they do not ask for favors; all they desire is fair and equitable treatment. But what with being harassed by an over-zealous official who is not intelligent enough to read the law understandingly; and classed by certain merchants as immoral easy-marks, fit for fleecing by the women of ill-fame who are allowed all-night whiskey privileges in the segregated district, in order that business might thrive, will anyone be surprised if much of the \$100,000 which they would ordinarily spend here this season should find its way elsewhere?

In conclusion, permit me to add, Mr. Editor, that upon the question of the advisability of abolishing the segregated district, or the questions of drink and immorality generally, I have nothing to say. These are matters for the determination of the people who live here permanently and are none of my affair. But I am paid by the American Government to look after American interests, and when certain merchants are reported in the public press as declaring that American fishermen are attracted here by fallen women; and it is proposed to continue the vice of the segregated district as a means of extracting the earnings from the pockets of these fishermen so that local merchants may profit, I do not think I would be doing my duty to my country and the interests I represent should I remain silent.

Very respectfully yours,

GEO. M. HANSON.

American Consul.

Bathe Internally

Over 50,000 People Are Now Doing So.

For many years physicians have agreed that the vast majority of human ills were caused by accumulated waste in the Lower Intestine; that in our present way of living Nature could not remove all this waste without assistance, no matter how regular we might be, and that the poisons from this waste circulating through the blood pulled us away down below par and were responsible for many diseases of a serious nature.

During this time the "J. B. L. Cascade" for Internal Bathing has, because of their recommendation and those of its users, been steadily growing in favor.

Recently, however, the startling news which has been covering this country, that great surgeons and specialists have been operating on the Lower Intestine for the most chronic and serious diseases, has caused Americans to become thoroughly awake to the importance of keeping this Lower Intestine free from all poisonous waste matter, and over 500,000 are now using Internal Baths.

If you try the "J. B. L. Cascade" you will find yourself always bright, confident and capable—the poisoned waste makes us bilious, blue, dull and nervous. Internal Baths are Nature's own cure for Constipation—just warm water properly applied. Drugs force Nature—the "J. B. L. Cascade" gently assists her.

Call and see it at Cyril H. Orme's, Druggist, Corner 3rd Ave. and 6th St., or ask there for "Why Man of Today is Only 50 per cent Efficient," a booklet of great interest, which is given free on request. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College Street, Toronto.
