"Fruit-a-lives" Soon Relieved This Dangerous Condition

632 GERRARD ST. EAST, TORONTO.
 "For two years, I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of medicine but none of them did me any good. At last, I decided to try 'Fruit-a-lives'. I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-lives' to anyone suffering from indigestion."

LOCAL LABOR AND THE ADMIRALTY

Dear Sir:—In connection with the docking of the big ship here several weeks ago, certain differences arose between the local men employed and the naval officials regarding the rates of pay. It looks as though the local men have been discriminated against, and the facts of the case may be of interest to the public.

Before the ship arrived, the Trades and Labor Council were approached regarding the local labor available, and assurance was given that union rates of pay would be allowed. Six men, carpenters to trade, were already employed at the dock, not doing carpenter work, nor in receipt of carpenters' pay, being kept on pending their own work turning up. These men were put on shipwright work, and naturally understood, according to the agreement, shipwrights' rates would be paid them, which rates are 62½ cents per hour, same as carpenters' rates. Instead of which, when the work was finished, and pay day came, they found that, although classified as carpenters, and had done shipwright work, they only received \$4.50 per day, contrary to the verbal agreement.

At the same time, other shipwrights brought from Esquimaux were paid the 62½ cents per hour together with a bonus of 50c. per day and an allowance of \$2.50 per day for board, making \$3 over and above the union rates.

Five men also employed as laborers were led to believe they

would get the district rate of 45c. per hour, but instead only received 37½c.

Representations were at once made to the superintendent here and to the naval lieutenant in charge, who admitted the justness of the men's claims. The men were advised to take the matter up with Esquimaux, as the books and records here had then been closed, and a letter as follows was despatched to the Admiral Superintendent at Esquimaux:—

Sir:—On behalf of the following list of workmen lately employed at the Prince Rupert drydock, I have been requested to bring to your notice the difference in wages paid to local men, and the men from Esquimaux.

Men working at shipwright work were given to understand they would receive the same rate of wages, for the same class of work as the men from Esquimaux, and on these conditions, prepared the dock before the Esquimaux men arrived in Rupert, and not until the work was completed did they discover that they had been classed as carpenters at a lower rate of wages. This they consider a discrimination against local men, as the work performed was shipwright work, and a protest was lodged to Lieut. Woods, and the superintendent of the drydock, and were advised to bring this matter before you, and also the fact that the rate of wages for this district is 62½ cents per hour for carpenters.

Men working as laborers were also given to understand they would receive the rate of wages of the district, being 45 cents per hour, but instead they were paid 37½ cents per hour.

Owing to the fact that the Dominion and Provincial Governments have always paid the union rate of wages of this district, we would ask you to give this matter your careful consideration, and in (continued on Page Four.)

Bathe Internally and Keep Well!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:—

I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call on Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing, The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A.
