

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

ORILLIA, ONT., Nov. 28th, 1914.
"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

QUICK REPAIRS TO S.S. PRINCE RUPERT

Repairs to the Grand Trunk Pacific steamship Prince Rupert are proceeding apace, and it is expected that the big three-stacker will be ready to resume her place in the northern service within a month's time. All the damaged and bent frames have been repaired and straightened out and the work of repairing the hull plates is now well under way.

In view of the serious nature of the injuries sustained when she struck on the reefs at Genu Island it was at first anticipated that the contract would take about three months to complete. Such good progress has been made, however, that Yarrows, Ltd., are figuring on the work being done within two months from start on contract. Should the present rate of progress be maintained the Prince Rupert will be out of the Esquimalt drydock by June 20th. Immediately she is turned over to her owners the Prince Rupert will be put on a schedule between Victoria, Vancouver, Prince Rupert and Alaska ports. It was the intention of the G. T. P. company to inaugurate its Alaska tourist service about the middle of June, and if the Prince Rupert is turned over as expected the original plan will be adhered to as closely as possible. The Prince Rupert, operating in conjunction with the steamship Prince George, will be operated on a fast schedule to Alaska throughout the remainder of the summer.

The amount of tourist travel to Alaska this summer is expected to eclipse all former records. Every effort is being made to get the Prince Rupert out of the contractors hands at the earliest opportunity as the company is desirous of having its regular schedule established by the time the rush north begins. The Prince George and Prince Rupert will be operated to Alaska on the same schedule as prevailed last season. There will be semi-weekly sailings north, the Monday boat taking the trip to Skagway and other Alaska ports, while the mid-week boat will proceed as far north as Prince Rupert and Anyox. The two three-stackers will alternate in the service, the mid-week steamer to Anyox returning here in time to take the Monday sailing to Alaska.

FRANK OLIVER URGES REVISION OF TARIFF

Ottawa, May 28.—When the second reading of the budget resolution was taken up in the House of Commons last week, the Hon. Frank Oliver said that the important question was whether the people of the country were going to be able to carry the present and future burdens of taxation. Immense revenues were being raised because of the abnormal conditions which prevail. If the great basic industries, such as agriculture, fishing and lumbering, were being dwarfed by the present method of financing, some change should be brought about. Too much revenue was being raised from the customs, and not enough from excess profits.

Excess Profits.
Too much revenue was being raised from the customs, and not enough from excess profits. Only 6 1/2% had been raised in the latter way. This was not equitable. Speaking of Western Canada, Mr. Oliver said that production had been retarded by the present high tariff. Speculation had advanced the wheat in dealers' hands by \$70,000,000. Not a dollar of this money went to the farmers. An undue burden was thus being placed both upon the producer and the consumer. This condition had been brought about by manipulation of prices, the refusal of the railways to do their part, and the failure of the Government to correct the situation. Believing that the tariff policy which the country is pursuing would ultimately lead to ruin, Mr. Oliver proposed to move:

On Free List.
That flour, wheat and its products be placed on the free list. That farm implements and machinery, farm tractors, mining, flourmill and sawmill machinery and their parts, rough as well as partly dressed lumber, light and lubricating, as well as fuel oils, and fertilizer be placed on the free list.

That staple food and animal products be permitted free entry from any country, which grants similar free entry to Canadian products. That there be a general reduction on the tariff on all articles except luxuries. That the British preference be increased by 50 per cent. Many speeches in favor of Mr. Oliver's proposals were made, chiefly by members for western constituencies, before the debate was adjourned. The House will divide on it this week.

WATER NOTICE

USE AND STORAGE

TAKE NOTICE that Magnus P. Olsen, whose address is Anyox, B. C., will apply for a licence to take and use about sixty cubic feet per second and to store about 300 acre-feet of water out of Bonanza Creek which flows southeasterly and drains into Granby Bay about at or near Lot 1675, Cassiar District.

The storage-dam will be located at about one and one-half miles from mouth of Bonanza Creek. The capacity of the reservoir to be created is about 300 acre-feet, and it will flood about twenty acres of land. The water will be diverted from the stream at a point at or near the dam, and will be used for power for mining purpose upon the mine described as the Midas, Ptarmigan and Fox Groups, situate near the headwaters of Bonanza Creek.

This notice was posted on the ground on the 19th day of March, 1917.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local paper.

M. P. OLSEN, Applicant.
The date of the first publication of this notice is March 26, 1917.

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that George McRae, whose address is Skidegate, B. C., will apply for a licence to take and use 150 cubic feet per minute of water out of Deuster Creek, which flows northerly and drains into Alford Bay, about 15 chains from the N. E. corner of T. L. 835. The water will be diverted from the stream at a point about ten chains west from N.W. corner of Lot 4, B. C. Fisheries, and will be used for power purpose upon the land described as adjoining Timber Limit 832 in application to lease.

This notice was posted on the ground on the 15th day of January, 1917. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is February 21st, 1917.

Internal Bathing's Rapid Growth

It is but natural to expect that a relief from Constipation and the many ills which it causes, which is so effectual and so natural as Internal Bathing, should quickly make many converts.

But its general use has increased so tremendously in the past few years as to suggest other reasons, and these are found in the statement of users that they feel as if "made over new" the morning after an Internal Bath.

The elimination of the pernicious and poisonous waste which is ever present in the Lower Intestine gives Nature a chance to work unhampered. And one arises in the morning clear-headed, able, bright, confident and eager for the day's duties.

Mr. F. E. Smith writes:—

"Dear Doctor,—Your 'Cascade' made a new man of me at the age of 49. I persuaded my wife to use the treatment also, and today she has better health than ever before. Since the use of the 'Cascade' she sleeps better and can walk for hours without fatigue. Fainting spells have become a condition of the past; can eat anything on the bill of fare and drink all beverages. Does not take cold when exposed; hot weather does not cause oppression."

The "J. B. L. Cascade," the most efficient device for Internal Bathing, is being shown and explained in detail by Cyril H. Orme, Druggist, corner 3rd Ave. and 6th Street, Prince Rupert. Ask for free booklet, "Why Man of Today is Only 50 Per Cent. Efficient." If you prefer, write to Dr. Chas. A. Tyrrell, 163 College Street, Toronto, for same.
