

NOTED MUSICIAN OF MONTREAL

Advises The Use Of "FRUIT-A-TIVES",
The Famous Fruit Medicine.

MR. ROSENBERG
689 Casgrain St., Montreal.
April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was suffering from these complaints for five years, and my sedentary occupation, music, brought about a kind of Intestinal Paralysis—with nasty Headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well. I advise anyone who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive." SCENES FROM AVION, WHERE CANADIANS HAVE BEEN FIGHTING.—Avion is a suburb of Lens to the southwest, the scene on much recent fighting. The station and cemetery shown above have been frequently mentioned in messages from the front. These pictures were, of course, taken prior to the recent bombardments, as Avion is right on the battle line.

HUN STRENGTH IS ALL THAT MATTERS

On a recent visit to the French forces under General Petain a war correspondent says that he was made feel that war writers had better cease writing about German sins, and dwell more intently upon the one thing that really matters—German strength.

A certain General said:—"Germany has no morals anyway, and now that practically the whole earth is agreed on that point, we can get on with the serious business of beating her and teaching her a code of morals for the future. When Germany chucked her old standards overboard, she certainly considered the cost, with interest, that she must pay if she lost. But she counted on victory only, with her strength. The abandonment of her moral code was only for the purpose of adding to her political strength. It was necessary to talk about her sins only until the United States entered the conflict. That was the final verdict. Judgment was pronounced. Germany must pay but we must beat her first."

It is on this very serious business that Petain's army is now engaged. It is a tough job. It will be accomplished. Very definite information was given by the escorting officer concerning this German strength. He said that today the entire effective German army consists of 233 divisions and today a German division consists, on the average, of 13,000 men or a total of slightly under 3,000,000 able-bodied, sufficiently fed soldiers. This does not, of course, include Austrians, Turks or Bulgarians. Asked what of them, his answer was typical: "We Frenchmen only speak of the German army."

NOTES AND COMMENTS

Regarding recruiting in the province of Quebec, the statement of Lieutenant-Colonel Blondin about his recruiting campaign there is very interesting. He says: "Short as it was, it was enough to show that if Quebec had been well organized from the French-Canadian point of view at the beginning of the war, and if the organization had been immediately placed under the direction of a man like General Lessard, and an appeal made to all French-Canadians to enlist in French-Canadian units and preserve their identity, Quebec would have replied en masse."

Nothing could have been more mal-adroit than the Government's recruiting scheme in Quebec. In fact, they had no scheme. In most of the Quebec towns and villages, never a recruiting officer has been seen to this day, and yet Sir Wilfrid Laurier is blamed for the slowness of Quebec's response. Lieut.-Col. Blondin is more truthful. He places the blame where it belongs.

ARE BATHS NECESSARY?

This looks like a foolish question in this enlightened age, but there are nearly a million Americans who knew nothing of Internal Bathing a few years ago and are now eager to testify that they are fully as essential to health as External Baths.

By a purely natural process of properly using warm water, the "J. B. L. Cascade" removes ALL the poisonous waste from the Lower Intestine, which physicians agree is the cause of 95 per cent of all human ailments.

It instantly relieves constipation, properly regulates the bowels and prevents all the dragging-down which Biliousness and Liver Troubles always create.

E. W. Southall, M.D., of Genesee, N. Y., writes:—

"I challenged the doctors in this town last week in regard to what I can do with your 'Cascade'. I can say for a truth that I know the reason for my success with many serious illnesses was due to having the bowels washed out once and sometimes twice a day. I only wish I could make the people in general believe in the efficiency of a good bowel washing. Sincerely yours."

Cyril H. Orme, Druggist, corner 3rd Ave. and 6th street, Prince Rupert has filed a tremendous demand for "J. B. L. Cascade" in the past few years, and will show and explain it to you on request. A free and interesting booklet on Internal Bathing, "Why Man of Today is Only 50 Per Cent Efficient," can also be obtained for the asking. If you prefer, write to Dr. Chas. A. Tyrrell, 163 College street, Toronto, for same.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

- 2 ounces citron
- 3/4 cup shortening
- 1 teaspoon nutmeg
- 1 teaspoon cinnamon
- 3/4 teaspoon salt
- 2 cups flour
- 5 teaspoons Dr. Price's Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS.—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.
