This weather promotes Coughs

Those who have trouble in
shaking off a cough should
note that Mathieu's Syrup of
Tar and Cod Liver Oil not
only soothes the irritation of
the bronchial tubes, and
promptly stops the cough,
but being a splendid tonic and
heavier it soon enables the
system to permanently throw
off the cold and restores the
mucous membranes to their
normal healthy condition.

Mathieu's Syrup of Tar and
Cod Liver Oil has won, by its
merit, the largest sale in
Canada of any medicine for
coughs—35c large bottle,
sold everywhere.

CANADIANS ON THE WAY TO VIMY RIDGE.—No wonder the Canadians won at Vimy! The photograph shows Canadian soldiers who were inspected by the Duke of Connaught, before they took part in the defeat of the Germans. The remarkable spirit of the men is demonstrated in the picture.

PREMIER WILL VISIT PEACE RIVER COUNTRY

Victoria, June 4.—According to plans now under consideration, the first visit of any of the members of the new Government will be paid to the Peace River section of the province during this coming fall. Premier Brewster and the Hon. T. D. Pattullo, Minister of Lands, intend to go through as large a portion of this district as possible in order to see for themselves what advancement has been made by the two thousand settlers in that area and to obtain first hand information with regard to the possibilities of the future, and the present necessities.

It may be that the attitude of the Government with regard to the commencement of the Peace River section of the P. G. E. will depend to some extent upon the conclusions reached by the representatives of the Government, as a result of this projected trip through that area.

The Hon. Mr. Pattullo expects to leave for Prince Rupert within the next few weeks to discuss the question of waterfront with that city's officials. A request for a grant of 200 feet of provincially owned waterfront there was made recently for civic purposes. This particular piece of waterfront was under lease to a private concern, which threw up the lease, and the city is now anxious to obtain a grant of this property. The Hon. Mr. Pattullo will also visit Prince George and will investigate the townsite situation there.

WOMEN WANT MEN'S PAY

Washington, June 2.—Men's pay for women who labor during the war is the demand of the great women's organizations throughout the country.

"Women are ready and willing to assist in increasing and conserving the food supply and fill the places of men who are called into military service," Ethel M. Smith of the National American Women's Suffrage Association said today, "but industrial standards in war time must not be allowed to break down."

Miss Smith said the women will insist: That they be paid at the same rate as men; that hours of labor shall not be lengthened by employers; that "women power" must be conserved by proper environment; that industrial standards must not be lowered. Working in co-operation with the woman's committee of the council of national defence, letters have been sent out to all great industries outlining this plea for "fair play." Already the response from these industries have been tremendous.

If the Berliner Tageblatt writer Theodor Wolff, read history more closely, instead of instituting an historical parallel between King Charles V. and the Tzar he would have compared the sixteenth century Emperor of Germany with today's German Emperor. There is much resemblance between their characters and careers. Charles was badly defeated at Verdun, and suffered heavy losses in his invasion of French territory. Whereupon, in revenge, being compelled to retreat, he razed to the ground no fewer than 400 towns. Shortly afterwards he abdicated—here the parallel waits upon the future.—London Chronicle.
