

FAMILY DOCTOR'S GOOD ADVICE

To Go On Taking "Fruit-a-tives" Because They Did Her Good

ROCHON, P. Q., JAN. 14th, 1915.

"I suffered for many years with terrible indigestion and constipation. I had frequent dizzy spells and became greatly run down. A neighbor advised me to try "Fruit-a-tives". I did so and to the surprise of my doctor, I began to improve, and he advised me to go on with "Fruit-a-tives".

I consider that I owe my life to "Fruit-a-tives" and I want to say to those who suffer from indigestion, constipation or headaches—try "Fruit-a-tives" and you will get well". CORINE GAUDREAU.

INDIAN BANDS WILL COMPETE AT THE FAIR

That several of the Indian bands on the coast intend coming to Prince Rupert this fall to compete in the band contest at the fair was the statement of Mr. Hoelscher yesterday. Mr. Hoelscher hopes to come with one of the bands as bandmaster. The bands from Massett, Bella Bella, Aiyansh, and a fourth band from the Naas expect to enter for the competition, and there is a possibility of Kitkatla and the Metlakatla and Port Simpson bands also entering.

Mr. Hoelscher has been a bandmaster for about fifteen years now and at one time was regimental bandmaster of the 3rd Illinois Infantry in the United States. He comes from a very musical family who have been long established in the state of Illinois. One brother of Mr. Hoelscher's is colonel of the 2nd Illinois National Guard, another is at West Point and a third is also under arms and all three hope to get across to the front with the first American contingent.

Coming to the coast three years ago from Manitoba, Mr. Hoelscher organized the Prince Rupert City Band, and since that time has been instructing the Indian bands on the coast with much success.

BRITAIN EXPERIMENTS IN WATER TRANSPORT

London, May 12.—The first stage of a striking experiment in inland water transport was completed with the arrival in London the other day of two barges laden with coal from collieries in the north of England. The barges were propelled for 160 miles by a detachable motor.

The new device consists of a four-cylinder, 17-h.p. marine engine capable of hauling two boats with a load of 100 tons. It is mounted on the top of the cabin and controlled from the helm. Petrol is employed for starting, and paraffin when running. The engine and attachments can be transhipped from one barge to another in a few minutes, and it is stated that its use means economy in time and money by comparison with towing by horses.

BRITISH TRAWLERS ARE TERROR OF SUBMARINES

London, June 4.—Stories not hitherto published of lively encounters between British trawlers and German submarines in the North Sea were told by Sir Robert Lowry and others at the recent meeting of the Mission to National Seamen. One trawler, Sir Robert said, became such a terror to U-boats that four of them lay in wait, and eventually destroyed it. On one occasion this trawler, armed with two light guns, was attacked by a submarine. One shot went through the deckhouse, another smashed the wheel, "but the skipper went on steering with broken spokes." Another shot carried away the cook's galley, but the trawler's gunner hit the submarine, which then had enough of it and went under.

Another armed trawler saw a submarine on the North Sea, and made a dash for it, with the result that the U-boat quickly submerged. "It went underneath," said Sir Robert, "because it could not imagine it possible that a trawler would have the courage to attack if it were not armed."

Sir Robert related how they learned of the sinking of two submarines by the bodies of the crew floating on the surface, although five or six days later a report was circulated from Germany that the boat had returned to her port.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE	
Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1 cup milk
2 cups flour	2 cups flour
2 teaspoons Dr. Price's Baking Powder	4 teaspoons Dr. Price's Baking Powder
3 eggs	1 egg
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.
