

# AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well Known Diseases.

## HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-TIVES" — The Wonderful Fruit Medicine — will Protect You

Auto-intoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the kidneys and skin are overworked, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes indigestion, loss of appetite and disturbed stomach. It may produce headaches and sleeplessness. It may irritate the kidneys and bring on pain in the back, rheumatism, gout, and rheumatic pains. It is the chief cause of eczema — and keeps the whole system unhealthily by the constant absorption into the blood of this refuse matter.

"Fruit-a-tives" will always cure auto-intoxication or self-poisoning — as "Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system. 50c. a box, 6 for \$2.50, trial size, 25c. ## HOW TO RETAIN OFFICE FOR ANOTHER YEAR

(Continued From Page One.)

er, Lord Northcliffe, who doubtless argues that the way to link the Empire together is to undermine the constitutions of the overseas dominions and then hand the weakened remnants over to a strong central government at Westminster. In short, the News aims to do two things: To violate the constitution to keep the Borden Government in, and, incidentally, to weaken the constitution so that Canada can be handed over to the centralizers. This is the ripe fruit of the Borden Government's administration, that the British North America Act is treated as a scrap of paper.

If the News' suggestion is followed to its ultimate conclusion, heaven only knows where the encroachment of the Federal power will stop. If the Federal power can extend its tenure of office, simply by its own say-so, it can equally as well assert that the provinces have no rights under the constitution, and proceed to exercise the functions now delegated to them. If the Federal power can flout the British North America Act whenever it pleases, then there is no lesser authority that it may not over-ride.

It is worth noting that the News experiences a sense of shame in making this impudent suggestion, and tries to tie it up with the impossibility of registering the soldier vote if a general election takes place. Its argument is, in short, that the British North American Act ought to be assaulted at home because our soldiers are fighting for it abroad. The News freely admits that it was in favor of the Soldier's Votes Act—as indeed everybody was—and that it argued strongly, from the precedent of the American Civil War, that the vote could and should be taken.

It now admits quite freely, that the vote cannot and should not be taken, but it does not give the real reasons. The News says it was difficult, if not impossible, to poll the British Columbia soldiers' votes in France, and that it should be more difficult to poll the overseas soldiers' votes in a Dominion general election.

In 1915, the News thought, as the Hon. Bob Rogers did, that the soldiers' votes could be polled and that they would be cast for the Borden Government. But 1916 found them wiser. The soldiers had Sam Hughes and Colonel Allison and the Ross rifle and other matters in their crop, and when the British Columbia soldiers had a chance to show their detestation of Ottawa graft and incompetence by kicking out a government of the same party-stripe in Victoria, B. C., they went to it heartily. The result was a change of heart in the News. It believes, for publication, that the soldiers' vote cannot be polled, and feels, in private, that this is the best thing that can happen to a vote that has gone back on the Borden Government.

The News, of course, mixes the argument up with a lot of snivel about disfranchising 400,000 soldiers who ought to vote for Canada when they are ready to die for Canada. The simple answer to this is, that if anybody disfranchises the 400,000 brave men, it will be the Borden Government that is afraid to entrust the soldiers with the ballots that are now stacked up in the High Commissioner's office in London.

Thus the News has two strings to its bow. The first is—to the deuce with the constitution if it prevents the Borden Government staying in as long as it likes.

The second is—to the deuce with the soldiers' vote, because the Borden Government wouldn't get it anyway.—H. F. Gadsby.

## Save the Food and Serve the Empire!

The Average Canadian Family Wastes Enough to Feed a Soldier

"The Kitchen must help as well as the Workshop and the Trenches"  
Lloyd George.

**I**NTELLIGENT economy in the kitchen can do much to prevent the threatened world famine—can counteract the effect of high prices—and can replace growing debt with systematic saving.

Careful investigations show that before the war the average British family wasted 25% of their food—and we Canadians were even more extravagant.

This waste is not in a few big things, but in many little ones, each, we used to think, too small to bother about—such as careless peeling of vegetables and fruit—failure to make good use of dripping and "left-overs"—and such others as will occur to every thrifty housekeeper.

For the Empire's sake as well as your own, hunt up and cut out these leaks! You'll be helping to relieve the food shortage—saving your own money—and putting yourself in a position to buy Canadian War Savings Certificates and help win the war.

War Savings Certificates are issued in denominations of \$25, \$50 and \$100, to be repaid in three years at full face value. They cost \$21.50, \$43 and \$86 respectively, at all Money Order Post-Offices and Banks, thus yielding over 5% interest. Should you need it, you can get your money back at any time.
