

There has never been a better time in the history of Prince Rupert to buy a home site than the present moment.

Here is a pair of lots that can be bought for less than their original cost at the Grand Trunk sale in 1909. They are so located that they are a splendid residential site now and will be good business property at no distant date. They have a frontage of 58 feet on Third Ave., the front of the lots is a little above the street level and they slope gently up toward the rear. Buy these now, build your home on them and by the time you no longer care to live there the lots will be worth a good deal more for business purposes than the house and lots cost you. They are lots 16 and 17, block 26, Section 1. Price \$2200 for the pair.
