ACTIVE OPERATIONS IN BELGIUM HAVE BEEN RESUMED

Paris, Sept. 5.—It was an-
nounced from Ostend yesterday
that the Germans were bombard-
ing Termonde, a fortified town in
Belgium, about half way between
Ghent and Brussels. The Ostend
dispatch says that fighting is pro-
ceeding in the district between
Alost and Termonde. The rail-
way near Alost has been blown up.

A number of the women of
Prince Rupert met yesterday af-
ternoon at the house of Mrs. R. L.
McIntosh to discuss plans for the
raising of funds to assist the
works of the Red Cross Society in
England. The society has asked
Canada for \$10,000, to be sent
immediately. Much enthusiasm
was shown by the women. Com-
mittees were formed, and a splen-
did patriotic concert is promised,
the date of which will be an-
nounced at the beginning of the
week.

GERMAN ARMY MAKES UNSUCCESSFUL TURN NEAR PARIS

(Special to The News--11:30 a.m.)
Paris, Sept. 5.—The War Of-
fice at Bordeaux issues the fol-
lowing: "On our left the enemy
appears to neglect Paris in order
to pursue a turning movement
and reached Lifere and Sous
Journe, eleven miles from Meux.
They passed Rheims and descend-
ed the west bank of the river in
Argonne. This maneuver has not
succeeded any more than those of
the preceding days.
"On our right in Lorraine and
in Vosges the fighting proceeds
with alternative fortunes. Mau-
beuge, which is being bombarded
violently, is resisting vigorously."

PUBLIC HOLIDAY.

OTTAWA BELIEVES RUSSIAN SOLDIERS ARE IN BELGIUM

Ottawa, Sept. 4.—The report
that 80,000 Russian troops were
landed in Scotland on August 27
and transferred from English
ports to Ostend is not discredited
by the military department here,
which is in close touch with the
policy of the Imperial authorities.

When it was pointed out to one
of the most experienced officers
of the department that no news
had been received from Great
Britain, nor for that matter, any
indication that such a move was
contemplated, the remark was
made by him that absolutely no
news of British ships or their
movements had come out of Eng-
land. The first reports of the
landing of Britishers on the Con-
tinent came from France, he
pointed out, some time after their
arrival there.

The military department ex-
pressed the greatest satisfaction
with the plan of campaign of the
Allies. The retreat towards
Paris had been accomplished
exactly as intended. The center
had been kept intact.

Not since the war began have
the military authorities been so
optimistic as at present. They
expect most important news fa-
vorable to the Allies to arrive
shortly.

Latest War Bulletins

(SPECIAL TO NEWS AT 2:30 P. M. SATURDAY.)

New York, Sept. 5.—German sources here claim the German
cruiser Karlsruhe met and sank the British cruiser Glasgow off
the coast of Colombia

The German boat also captured and sank two British steam-
ers and later engaged and disabled the British cruiser Bristol, ac-
cording to the story.

London, Sept. 5.—Russia, France and England have all signed
a treaty agreeing that none of the three will make peace without
the consent of all.

Paris, Sept. 5.—A German flanking movement intended to cut
off the Allies from the base of their supplies has failed. The Al-
lies are more concentrated, is the only result. The Germans are
only twenty miles from Paris and are preparing for a desperate
assault on the city rather than investment and siege.

Paris, Sept. 5.—An order for the mobilization of the Italian
forces is expected to come today.

London, Sept. 5.—A Central News Agency dispatch says that
King Albert, of Belgium, was slightly injured by a shrapnel splin-
ter while heading a retreat to Antwerp. The Belgians are now
fighting with the German forces at Termonde.

Paris, Sept. 5.—The Germans are leaving Paris on their right
and marching southeast. The Tahir right has not yet been suc-
cessful in getting around the British on the left wing of the Al-
lies. The lines of the Allies are slowly giving away.

ASQUITH'S PATRIOTIC APPEAL LOYALTY OF THE LION'S CUBS

PREMIER SAYS NAVY HAS GUARANTEED NEUTRALITY OF SEA
FOR BRITISH SHIPS—CHILDREN OF THE EMPIRE
CONTRIBUTE LIVES AND FORTUNES.

(Special to THE NEWS)

London, Sept. 5.—Premier As-
quith made the first of his series
of appeals to increase the British
land forces at a meeting in Guild
Hall last evening.

He described the Empire as be-
ing involved in a bloody arbitra-
ment of might versus right. He
urged that every able-bodied
Briton capable of military duty
should join the colors.

"The navy," added the Premier,
"is already doing its part. They
have sealed up the German fleet
and are thirsty for trial of
strength in the open. They have
driven hundreds of merchant ma-
rine from the high seas and when
the few German cruisers still in-
vesting the distant ocean are dis-
posed of, as they will be very
soon, the navy will have achieved
for Britain a neutrality of ship-
ping as complete as was ever en-
joyed in the days of unbroken
peace."

With regard to the overseas
dominions, Premier Asquith said:
"Our self-governing dominions
throughout the Empire, without
any soliciting on our part, have
demonstrated with a spontaneity
and unanimity unparalleled in
history, their determination to af-
firm brotherhood with us and
make our cause their own. Can-

ada, Australia, New Zealand,
South Africa, Newfoundland, and
all of the children of the Empire,
assert it is not an obligation but
a privilege and their right to con-
tribute money and material, and
what is better, their strength of
sinews and fortunes and lives of
their best men. India, too, with
no less alacrity, claimed her
share in the common task."

TOPEDO BOAT AND MERCHANT SHIP SUNK BY MINES

(Special to THE NEWS.)
London, Sept. 5.—An official re-
port says the torpedo boat
Speedy struck a mine and prob-
ably went down after having re-
scued a number of the crew of the
steamer Lindsell, which was also
sunk by a mine in the North Sea.

GERMAN ARMY TURNING EASTWARD

(Special to The News--11:30 a.m.)

army corps have arrived at the
Vistula River, says the Rome cor-
respondent. These corps are
mostly from Belgium and north-
ern France and are moving to
meet the Russians.
