CONSERVATIVE PAPER ATTACKS GRAFTERS IN BORDEN GOVERNMENT

(Continued From Page One.)
ish tradition, the loyal orders, the Sons of England and the Sons of Honor in Canada? Must they remain forever silent while such damnable maggotry is being laid bare?

Scoundrelly Patronage System.
"Here it has been demonstrated and confessed before a committee of members of Parliament that a junior clerk in the Carleton Drug Company—of which William F. Garland, M. P. for Carleton, is principal owner—has made a profit of \$9,000 on an order for \$40,000 worth of field dressings and other necessities intended for brave men at the firing line. The drug clerk, a mere inexperienced youth, paid about \$15 a week, introduced to the militia department under the scoundrelly patronage system tolerated by the pinchbeck political practice of this country.

"It is pretended that the junior clerk of the Carleton Drug Company is allowed to appropriate this patronage-begotten \$9,000 of public money without hint or interference regarding its disposal by his political masters.

"The Red Cross fund is having to appeal for more help, and many good people are giving of their scant earnings to do what little they can for the tender nursing of the Empire's poor, broken men. For the sum of \$9,000 eighteen trained nurses could have been sent from Canada and maintained at the saving line for a whole year—perhaps till the end of the war—to wash the wounds and soothe the pain-racked bodies of Canada's injured soldiers. But the \$9,000—just one instance of the work of the maggot eating at the heart of Canada—is now deposited to the account of a junior clerk of the firm of which William F. Garland, M. P., is principal owner.

Swirl and Swill of Election.
"Within a few weeks the political packs will have scattered across the country, and if the ringleaders have their way Canada will be plunged into the swirl and swill of a general election. Such patriot gentry as the

head of the Carleton Drug Company and the sophist members of the committee investigating the profits over the bodies of wounded soldiers will be expanding themselves upon political platforms and appealing for the support of the loyal orders and believers in British tradition and honor! They will vow themselves to be the saviors of the Empire. What will the loyal orders and independent citizens say? Britain would surely abhor and repudiate such professed aid. Will it seem well in the sight of the Great Architect of the universe?"

AMERICAN MONEY READY FOR CANADA

(Continued From Page One.)
England and Germany. Our financial interests recognize the obligations due to a good customer, and every effort will be made to meet the Dominion's demands.

So far have we progressed in realizing an easy financial situation that the arbitrary minimum stock prices on the New York Stock Exchange will be abolished, and America will absorb, from now on, whatever American securities may be offered by foreign investors. Recent favorable rulings by the Interstate Commerce Commission have made railway securities more desirable.

From every angle this country is meeting its new responsibilities with surprising strength. The hill has been climbed and the nation is glimpsing a new and broader prosperity.—Seattle P.-I.

ABOUT THAT \$500.

After the grandstand play that ex-Alderman Morrissey made the night he was disqualified about the city treasurer getting \$500 of the taxpayers' money, it is interesting to know a little more about the transaction. As a matter of fact, Alderman Morrissey was at the meeting of the Finance Committee when this was passed and there is no record on the minutes to show that he objected.

The Girls' Chapter of the I. O. D. E. will hold a dance on Friday, April 16, in St. Andrew's Hall. The funds raised will be used for patriotic purposes. 79-80

"YOU GOTTA QUIT KICKIN' MY DAWG AROUND."

—By J. Frise.

CY WAS VERY DRY.

A letter written to Mr. E. V. Ling by H. Shrubbsall, who was a member of the first contingent to leave Prince Rupert, has an item of local interest. Mr. Shrubbsall, writing from Shorncliffe Camp under date of March 16 says:

"We marched to Dover today. It was a nice little walk—about twenty miles. En route we could see more ships than we could count going through the channel with apparently as much unconcern as if there were no German submarines at all. This blockade is certainly a big joke.

"Coming back we came to an ideal country inn named 'Plough Inn.' It was very hot and lusty and 'Old Cy' was as red as a beet. He halted us outside and went prospecting around and came back after while with a grin of satisfaction on his face. One of the boys asked him if he could get a drink there and he said, 'Yes, there is a little left,' and the boys did as the name of the house bade them."

THE ELECTION.

Ex-Alderman Thos. McClymont and ex-Mayor Newton were both nominated today as candidates for the mayoralty. To fill the vacancy of one of the aldermanic board, ex-Alderman Dybhavn, ex-Alderman Morrissey, and Mr. Casey were nominated. The election is on Friday.

MASSETT SETTLERS PROTEST TO MINISTER

(Continued From Page One.)
have originated with the real estate men of the different townsites. This road was not asked for and is not required by the settlers.

We believe that the right way to secure the best results for the money expended, is to have the question of road building removed from local politics and that road overseers be appointed irrespective of political affiliations.

If it is impossible for the government to do anything else, we beg to recommend that a commission be appointed to investigate conditions on Graham Island, as there are many political heelers out of a job.

The following signatures are those of resident settlers:
(This was followed by a list of signatures of eighty settlers from the district at Massett and which are on exhibition at this office.—Ed.)

KETCHIKAN MAY GO.

Mr. Wright, commissioner of the Board of Trade, has had a reply from Ketchikan with regard to the proposed trip to the Fair in which they commend the progressiveness of their southern neighbor. They ask that full particulars be sent to other Alaska coast towns. It is possible that there will be quite a few from that quarter.

SMITHERS NEWS

J. McKenna, of Burns Lake, was a visitor to Smithers last week.

F. M. Dockrill, of Telkwa, was a visitor to Smithers the latter part of last week.

Charles Barrett, of the Diamond D ranch at Barrett, has been spending a few days in town on business, not as a Socialist candidate, as some people think.

R. S. Sargent, of Hazelton, was a visitor to Smithers last week. Mr. and Mrs. Hertel, late of Prince George, have taken up their residence in Smithers.

Mrs. Joe Greer's new residence is nearly completed. Mrs. Greer expects to be installed therein about April 15.

The many friends of Mrs. J. A. Gray will be pleased to hear that she is improving. Dr. Williams is in attendance.

Mr. and Mrs. J. N. Carr drove to the ranch Sunday, where they will spend a few days.

Last Sunday a number of Smithersites availed themselves of the fine weather and excellence of the roads to take a "hike." The Smithers Walking Club has changed the day of walking to Saturday. Mesdames Turner and Swarthout are hostesses.

J. D. MacDonald, editor of the Endako Star, who was a delegate to the Conservative convention here, returned on Saturday.

Miss Fletcher, who is leaving for Prince Rupert (for better or for worse) will be greatly missed by her many friends here, but what is our loss will be a "veryable" gain for someone.

Last Sunday a party of ladies and gentlemen took an auto ride down Main Street to the station and back to the garage. This is the first time an auto has traversed Main Street on terra firma. Our streets are improving.

It is suggested that Frank Dockrill, who kept his hands in his pockets all through his speech, compromise with Mr. Henry. Then they would make convincing speakers.—The Smithers Sentinel.

MORE FISH MARKETS.

Mr. Wright, commissioner of the Board of Trade, has just received a letter from a British fish merchant now in Montreal expressing surprise at the information he had just received about Prince Rupert being the centre of such a big fishing industry and asking for full particulars about the same. He said that a movement was on foot by the Furrows-Witby S.S. Company to put a weekly cross country boat on the run from Montreal to Hull, England, and thought that some business might be done with Prince Rupert.
