KING IS DEAD—LONG LIVE THE KING!

The circle around the Council grows smaller every meeting. Last night there were only three members present and there was almost a tear in every eye. Not only had they lost their mayor but their acting mayor had as well deserted them. While it seemed as if they had made up their minds that it was no use to appoint any more mayors less they, too, would blow up and disappear. Daily, City Clerk Woods arose in ominous silence and proclaimed, "The King is dead; long live the King," or words to that effect, and before you could say "Robinson" Alderman Kerr nominated as acting Mayor in his many bearing was soon riding over the councils of the city with seeming dignity.

To the Electors of Prince Rupert

Ladies and Gentlemen,—As a protest to the way in which civic matters have been conducted of late and more particularly the Montreal trip fiasco I have resigned my position as Alderman of this city and offer myself as candidate for Mayor in the forthcoming bye-election. If you see fit to elect me I believe I shall be able to conduct the affairs of this city with competence and dignity.

Battistoni were arrested. The relief work had been stopped yesterday afternoon and the free meal tickets discontinued.

THE FIGHT IS ON

"While Prince Rupert may have some advantages over Vancouver and Seattle because of its closer proximity to the Northern fishing banks, it is unreasonable to expect the old-established firms at Seattle and Vancouver to abandon their heavy investments in the way of plants and equipment and to rush to Prince Rupert. If Prince Rupert has the advantages claimed for it, and if every cost of doing business from that port compares favorably with other Pacific Coast fishing ports, and if the transportation facilities prove satisfactory, then Prince Rupert will ultimately get her share of the fish business." In these words Mr. A. L. Hager, manager of the New England Fish Co. in Vancouver, expressed himself about conditions that vitally affect Prince Rupert. It is therefore clear that it is only by the greatest activity on our part that we can hope to centre the fish business here. There is only room for a certain amount of cold storage accommodation on the Coast and new companies will be loath to start to fight big corporations like they have in the South. Something will therefore have to be done to encourage companies to start here.

SWAPS CLERKS.

A. Brooksbanks has been attached to the city electrician's office on trial for thirty days in addition to his job of city purchasing agent. The city engineer inferred that they would be able to carry the weight of that department for a little while without Mr. Brooksbanks's aid. The former clerk to the city electrician was Mr. E. H. Patterson but he got a chance to go back to the Cold Storage Company, where he was prior to going to the city a few months ago, and he went believing that the City Hall full of politicians is more of a "cold storage" than the one at Seal Cove.

CITY AUDITORS PAY.

The city auditor, W. E. Hodges, presented his bill for the year last night. It amounted to \$2,100 after a couple of hundred were knocked off for luck. He offered to do the work next year for \$1,600. The extra price this year came about on account of revising the city system or, as others say, by reporting on whether there could be a reduction in the City Hall staff or a cut in the salaries, both of which he reported in the negative. It has not come out yet as to who asked for these reports.

MORE EASIMONY.

Friday's election will cost the city well over \$100, including \$25 for returning officer and \$7.50 deputy returning officer.

But there will be another election the following week and the costs will be doubled. City Clerk Woods was appointed returning officer and no doubt he wishes that the aldermen would keep on resigning, for it means \$25 a clip. Of course, the clerk has extra work thereby and no doubt earns it less welcome.

Somebody has suggested that Alderman Maitland, Nicol and Kerr should pay the cost of this extra election for if they had done their duty and attended Saturday's special Council meeting there would be no need of an extra election. Others say why not make ex-Mayor Newton pay for it as his emissary had done all in his power to prevent a quorum being there.

"BLACK BOX" NIGHT AT MAJESTIC THEATRE

GREAT BASEBALL COMEDY AT WEST HOLME TONIGHT

At this season of the year the baseball fan begins to show the first signs of returning life and to take an interest in things pertaining to the great American national game. A timely picture entitled "Hearts and Diamonds" will be shown at the Westholme tonight in which a game of baseball between two rural teams forms the centre of attraction.

Needless to say, this is a comedy and an excruciatingly funny one at that. The famous "Bunny" takes a hand in it and the things he does would make a horse laugh. There are two full reels of clean wholesome fun with an appealing little love story between "Bunny" and Flora Finch thrown in for good measure.

The management of the Westholme is making a very important announcement this week to the effect that on Wednesday and Thursday, April 14 and 15, there will be a special five-reel Paramount feature shown entitled "The Eagle's Mate," with Mary Pickford as star. Further announcements will be made later.

BEEHIVE A FOOTBALL.

The cottage for the hydro-electric employee at Shawatians is turned into a football. A week ago the Board of Works was given authority to proceed with the work. Last night they reported back and asked the Council to decide whether it should be done by contract or day labor. Alderman Montgomery moved that they do it by day labor with a maximum cost of \$1,060. This was not seconded, and it was finally decided to refer it back to the Board of Works for estimates as to cost. In the meantime the future occupants must enjoy love in a log cabin.

McCLYMONT RESIGNS.

The first business of last evening's Council was to accept the resignation of Alderman McClymont, who has decided to become a candidate for Mayor in the approaching bye-elections. Alderman Montgomery moved and Alderman Beveridge seconded it that "it be accepted and that no fine be imposed." This passed.

TEMPERANCE MOVEMENT SWEEPS OVER THE STATE OF ILLINOIS

MORE THAN HALF THE COUNTIES GO DRY, MANY FOR THE FIRST TIME—CHICAGO ELECTS A REPUBLICAN FOR MAYOR AND A NEGRO IN THE CITY COUNCIL.

(Special to The Daily News.)
Chicago, April 7.—Yesterday was a great day for the temperance movement in Illinois. The result of an election held there is that 55 out of 102 of the counties in the state went dry. In Central Illinois, which has been wet for sixty years, thirty-eight saloons were voted out.

The election in Chicago resulted in William Hale Thompson, a Republican, being chosen Mayor. He secured 61 per cent of the women's votes. For the first time in the history of the city, a negro, Oscar DePriest, was elected to the City Council.

LIBERTY AHEAD

According to the Morning Journal the Conservatives believe they have all the voters on the Islands ear-marked and tabulated so that they are sure of their votes. As a matter of fact, this is just in line with the policy carried out for the last few years. The political bosses have persistently intimidated the voters until they did not even possess their own souls. They were candidly told that if a certain number of votes for their candidates were not forthcoming at the election they would get no road work in that district. Now, however that the machine has been broken on the rocks the people are beginning to hold up their heads and imagine that they are alive again. "McBride's Day Is Done" and Bully Bowser is to be banished so everybody is beginning to rejoice and they will vote solid for the Liberal candidate, T. D. Pattullo.

KEEP 50,000 CANADIANS IN FIRING LINE A YEAR

If War Office Needs More What is Necessary Will Be Voted.

Ottawa, April 6.—"It is proposed to keep 50,000 Canadians in the firing line throughout the whole year if necessary," is the announcement of General Sam Hughes, Minister of Militia, made when the war appropriation bill was passed by Parliament recently. "If the British War Office decides that this number should be increased to 75,000 or more, this will be done, and more money will be required." "And more will be voted," commented Mr. F. F. Pardee, the chief Liberal whip, amid cheers.

COURT OF REVISION IS MEETING TODAY

The Court of Revision met in the City Hall today, Acting Mayor George Kerr presiding. The other members of the court are Aldermen Edge, Beveridge, Montgomery and Nicol, the last two being chosen last night to replace the ex-Mayor and ex-Alderman Morrissey.

Mr. deGex, of the Canadian Bank of Commerce; Mr. Clancey, of the Bank of Montreal, and Mr. Broderick, of the Union Bank, were the chief objectors to the assessment, although there were many others of less prominence. Mr. deGex maintained that the assessment should be reduced 75 per cent; others said 50 per cent. They based their argument on the revenue produced. The corner leased by the Bank of Commerce takes in \$1,200 per year and it is assessed at \$50,000. Mr. Patmore, speaking to this, said 75 per cent reduction would bring it to where the revenue was an investment.

The Bank of Montreal corner is rented at \$150 per month. In order to make this a reasonable revenue it should be assessed at much less than its present assessment of \$49,000.

The Merchants Bank corner was leased at \$125 per month and assessed at \$90,000. Mr. Patmore contended that we must get down to a basis of revenue for our Continued on Page Four.)
