FOREIGN TRADE.

To provide an organization to develop and carry on an export trade in Canadian manufactured goods and products upon co-operative lines, a joint stock company with the backing of the Canadian Manufacturers' Association, is being formed. It will be known as the Export Association of Canada, Limited, and will have capital stock of \$500,000. The first business of the association will be to reorganize on a sounder basis the business already started with the market within the Empire, particularly in New Zealand, South Africa and Australia, and also to a considerable extent with the Argentine Republic. With proper handling, there is little doubt that the New Zealand and Australian business particularly are capable of great development under existing conditions.

The association will open an office in London, England, and will co-operate with the Canadian High Commissioner's office there in securing favorable consideration for Canadian trade wherever possible and advisable. A branch office will also be opened in Paris and possibly later, in Brussels, to deal not only with war orders but with the large demands for materials of all kinds which will be required during the reconstruction period in Northern France and Belgium. In the third place, it is intended to open at as early a date as possible, an office in Moscow, so as to get in touch without loss of time with the Russian market which is opening for manufactured goods of all kinds. Later, branch offices may be opened in other places, such as Buenos Ayres, Shanghai, etc., as the opportunity seems favorable and the resources of the association will permit.

Such a company or association with the strong backing it has and under good management—upon that, a great deal will depend—should become an important factor in Canadian

and international trade, in due course. Indeed, its success might surpass even the expectations of its promoters. It is suggested that the functions of the organization will be twofold. In can in the first place, by a proper utilization of the means at its disposal, create for the whole of Canadian industry a favorable strategic position in which the individual manufacturers who are able to do so can pursue their own independent objectives. It can in the second place do the work of a commission agent in bringing foreign markets within reach of the wide range of the smaller manufacturers who lack the means of doing this for themselves, and it should be able to do this much more effectively than existing commission agents, not only because of its strategic strength and influence but because its entire object and reason for being is the development of trade in Canadian products, whilst the ordinary commission agent usually is interested only in handling articles for which he can find the readiest sale and make the most profit regardless of their country of origin. The experiment is testimony to the enterprise of the Canadian Manufacturers' Association, and will be watched with considerable interest. As a practical measure it is obviously less parochial than the "Made in Canada" advertising campaign, and likely to achieve more success.—The Monetary Times.

No Clappers to Oriental Eells.

In China and Japan bells are clapperless and never are swung, their tone being produced by striking them on the outside with wooden mallets.

In the Life of a Man.

In the life of a man there is but one real love. The trouble is that he usually can't tell which one it is.—Smart Set.

BOARD OF TRADE MONTHLY MEETING

The regular monthly meeting of the Board of Trade was held Friday, June 4, at the Board of Trade rooms on Second Avenue. There was a good attendance of members, with D. G. Stewart, the president, in the chair.

The mining committee delivered a report on the mineral resources of northern British Columbia, compiled by A. C. Garde, M. E. This report was ordered to be forwarded to Colonel Carnegie, of the Shell Committee, Montreal, in the effort to strengthen Prince Rupert's claim for consideration regarding the proposed location of a copper reduction works in the West. A vote of thanks was extended to Mr. Garde for the excellent and capable manner in which the report was drawn up, and the general opinion expressed was to the effect that the matter contained therein was of such value to the mining industry of northern British Columbia as to merit extensive publicity on completion of negotiations at present pending with Montreal.

The commissioner reported having forwarded 750 copies of the 1914 booklet to the Panama

31 Years Older Than The Dominion of Canada

AS the name implies, The Bank of British North America was established long before the Provinces united and became the Dominion of Canada. The sound, progressive management which has made it a power in Canadian finance makes it the bank for your account.

Exposition for distribution, besides the distribution of some hundreds of copies locally and to outside points.

A vote of thanks was extended the Empire Publishing Company for the excellent advertising they are running daily in The Empire, for the cause of publicity for Prince Rupert.

A vote of thanks was extended to Mr. Pearce for the gift of a water color painting, which he has been so kind as to donate to the board.

A resolution was passed endorsing resolutions received from the Berlin (Ont.) Board of Trade with reference to fire losses in Canada.

The matter of co-operation in connection with the location of a cold storage plant by the Booth interests was discussed, and the fisheries committee instructed to proffer the services of the board to the Mayor in connection with co-operative work in this regard.

A letter was read from the well known author of travel books, Mrs. R. K. W. Thompson, who will shortly visit Prince Rupert in order to write up the district for a new book on the Northwest and Alaska. It was referred to the entertainment committee for action.

A letter was read from the St. John Ambulance Association thanking the board for the use of the Board of Trade rooms.

The deputation in connection with finances was authorized to wait upon the Mayor and councillors of Prince Rupert on Monday (today) with reference to the work of the bureau of information.

Several letters in connection with the entertainment of tourists were read but ordered filed owing to lack of funds in order to carry on the work of entertaining distinguished visitors, as occasion arises.

The monthly luncheons were ordered to be postponed during the summer months, owing to the difficulty of making suitable arrangements for the holding of the same, and the fact that the G. T. P. schedule does not permit of the use of the boats for that purpose during the rush season.

IN THE MATTER OF AN APPLICATION for the issue of a fresh Certificate of Title for Lot Six (6), Block Four (4) and Lots Seven (7) and Eight (8), Block Twelve (12), Section One (1), City of Prince Rupert, Map 923:

NOTICE IS HEREBY GIVEN that it is my intention to issue after the expiration of one month from the first publication hereof a Fresh Certificate of Title for the above mentioned lots in the name of William T. Booth, which Certificate of Title is numbered 5821-L, and was issued on May 20th, 1914.

Coughing scatters germs —Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others.
Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure.
The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is specially due to its great value as a permanent lung and bronchial healer.
Sold everywhere, 35c large bottles.
