RELATION STRAINED BETWEEN GREECE AND TURKEY—HEAVY ARTILLERY DUELS

CANADIAN EXHIBIT FRISCO IS MAGNIFICENT

Mr. D. C. McRae, writing from San Diego, Cal., says that, after spending two weeks in this country, whose chief asset is climate, the climate of Prince Rupert looks pretty good.

Mr. McRae reports that the Canadian exhibit at San Francisco Exposition is magnificent. Every one you meet tells you to be sure and see the Canadian exhibit. The G. T. P. also have a splendid exhibit, in which Rupert and district are well represented. Mr. McNichol and his assistants are doing splendid work for the north country.

After doing considerable sailing on American coast steamers, Mr. McRae says he feels a justifiable pride in our own G. T. P. boats.

ANOTHER LOCAL BOY KILLED IN ACTION

Word has been received in the city that H. Sinclair, formerly teller in the Bank of Montreal here, has been killed in action.

He was in the south when the war broke out, and enlisted from there. Mr. Sinclair was first reported wounded, but it is now learned that he was killed.

PRAIRIE FIRE RAGING AROUND WINNIPEG

(Special to The Daily News.)

Winnipeg, August 30.—A Prairie fire which is raging in a peat bog 15 miles long by 5 miles wide, threatens the city of Winnipeg. Officials have asked the government to send soldiers to help extinguish the fire.

AMERICAN BANKER LEADS DUAL LIFE

(Special to The Daily News.)

St. Louis, Mo., August 30.—J. W. Barnhardt, candidate for a seat in the state senate and a banker of Forest City, is under arrest. Under his real name, W. J. Kline, of St. Louis, he has confessed to realty forgeries amounting to over \$500,000.

Accused had lived a dual life for many years, defrauding farmers by the sale of forged deeds and mortgages and issuing worthless cheques. He has a private fortune of \$350,000.

WAR BETWEEN GREECE AND TURKEY SEEMS INEVITABLE

PREMIER PROTESTS AGAINST TREATMENT OF GREEKS IN ASIA MINOR—GERMANS TURNING ATTENTION TO THE BALKANS—VIOLENT ARTILLERY DUELS ON WESTERN FRONT

(Special to The Daily News.)

Athens, August 30.—The breaking off of diplomatic relations is possible and war between Greece and Turkey seems inevitable. The censor today permitted it to be known that Premier Venizelos is preparing a sharp protest against the persecution of Greek residents in Asia Minor.

300,000 Greeks have been compelled to leave the coast towns and to live in the interior cities of Asia Minor. The news was withheld for fear of public feeling during the Balkan negotiations.

Eastern Front.

London, August 30.—Reports from the eastern front indicate that the Austro-Germans are endeavoring to clear the last of the Russians from Galicia. Having lost Brest-Litovsk, Grand Duke Nicholas cannot afford to hold his

position on the River Bug in face of an enveloping movement from the south. This latest move marks the end of the German offensive in Russia and the commencement of a movement against the Balkans. Troops are massing near the Roumanian frontier.

Western Front.

Paris, August 30.—There has been violent artillery fighting at many points in the Argonne, resulting in the seizure of German trenches.

The week-end was marked by artillery fighting along the entire line from the North Sea to the Vosges.

The Dardanelles

London, August 30.—There has been heavy fighting in the Dardanelles, but no details are yet to hand.

ABSENT MEMBERS

To the Mayor and Council.

Not wishing to embarrass you in your multitudinous duties, but simply to remind you of comments which are common among the ratepayers, all of whom believe that a full complement at the aldermanic board comprises eight members, do you not think that, as matters of importance are liable to arise out of the accident to the Hydro-Electric plant, which may involve trouble between the city and the Canada General Electric Company, it is high time to call home the absent members, or otherwise declare a vacancy at the council board, and call an election to fill the vacancy.

WILLIAM ANGLE.

THE ELECTION

"Nothing in it—positively," was Sir Richard's reply to an enquiry regarding the rumored election on October 6th, still his satellites are getting very busy. Dr. Young passed through this morning on his way north. We suppose the worthy minister of education and some other things is on a hunting trip.

"THE BROKEN COIN" AT THE MAJESTIC THEATRE

Tonight and tomorrow, the fifth episode of "The Broken Coin" will be presented at the Majestic. This great serial continues to draw crowded houses, and is deservedly popular with all.

"Elsie's Uncle", a refined comedy in two parts, and a splendid Animated Weekly completes a most attractive program. There will be three shows in order to allow everyone to see "The Broken Coin."

On Wednesday and Thursday the Majestic will show a great Paramount attraction, in five reels, entitled "Sunshine Molly."

THEY KNOW

The Conservative job distributors know exactly when that election is to be. The general public, of course, having nothing whatever to do with the matter, will be informed just exactly when it suits the boss. Meantime mines are being laid and trenches dug. It will take a big trench to hold the Tory "killed in action."

SUNKEN AMERICAN SUBMARINE RAISED

(Special to The Daily News.)

Honolulu, August 30.—United States submarine F-4, which was sunk during manoeuvres on March 25 with the loss of 21 lives, was raised today. No attempt has yet been made to open the craft.

THREE OLD TIMERS FOR HIS MAJESTY'S SERVICE

E. H. Shockley, Joe Howe and George Leek left on the train for the old country this morning to enter military service. All three are old-timers of Prince Rupert.

Joe Howe intends to get to the trenches, E.H. Shockley will do his share in making munitions, while George Leek expects to join the army service corps. Mr. Leek was formerly in the Grenadier Guards and saw service in South Africa.

EX-ALD. MORRISEY'S ADVICE RE DEBENTURES

Prince Rupert, August 30, '15. To the Contractors of Prince Rupert.

Gentlemen:—Re city bonds for re-planking of streets and the erection of a roadway to the cold storage—a word of caution may be beneficial for all concerned.

Do not forget that about \$1,500,000 of treasury certificates must be taken care of before 15th June next. The sinking fund and interest on all our outstanding bylaw indebtedness must be provided for, and should the war continue another year, it may be doubtful as to the value of any of our certificates, therefore I would suggest to you to allow the city council to sell this issue for re-planking and street erection to Terry, Brigs & Slayton at the best price available, get the money and pay for the work at the best obtainable price and the ratepayers and contractors will know where they are at.

Hopes are entertained that the provincial government may allow the dating of our present bond issue to be changed, to make them more attractive to the American buyers. Even should this be done and the war continues, it is still doubtful as to how saleable B. C. municipal securities may be, therefore I would advise allowing the council get the money and pay for the work.

Yours truly,
DANIEL MORRISEY.

WELL KNOWN CALGARY BARRISTER IN THE CITY

George Henry Ross, of the legal firm of Short, Ross, Selwood & Shaw, of Calgary, accompanied by Mrs. Ross, left for Calgary this morning after spending a few days around Prince Rupert.

Mr. Ross was elected alderman in Calgary in 1910 and contested a seat in the last Alberta provincial election. His partner, Mr. Short was also here recently. Mr. and Mrs. Ross were delighted with their stay in Prince Rupert and with the scenery along the Grand Trunk Pacific.

COPPER CLAIMS IN A HIGH ALTITUDE

Not only are gold mining operations being carried on extensively in the vicinity of Barkerville, but it is learned that eleven peacock copper claims have been located about 15 miles south of Crescent island, towards Barkerville, at the head waters of Snow Shoe creek. The claims which are held by L. C. Jamieson, J. Goodman, R. Hennessey, J. Andrews and other people of McBride are at an altitude of 7,000 feet and are in a rather difficult location. The ore is however of a grade that will repay the money spent on roads.—Omineca Herald.
