UNINTERRUPTED FIGHTING IN CHAMPAGNE DISTRICT—PROGRESS CONTINUES IN ARTOIS—THE GERMANS LOSE THREE ARMY CORPS—FRENCH CAPTURE HILL 140

(Special to The Daily News.)  
Paris, Sept. 29.—There is no interruption to the terrific fighting in the Champagne district, and progress continues in the region of Artois.

North of Massiges, 1,000 unwounded Germans have surrendered.

**Germans Lose 120,000.**  
The total German casualties, since the great advance began, in killed, wounded and prisoners exceeds three German army corps, amounting to 120,000 men.

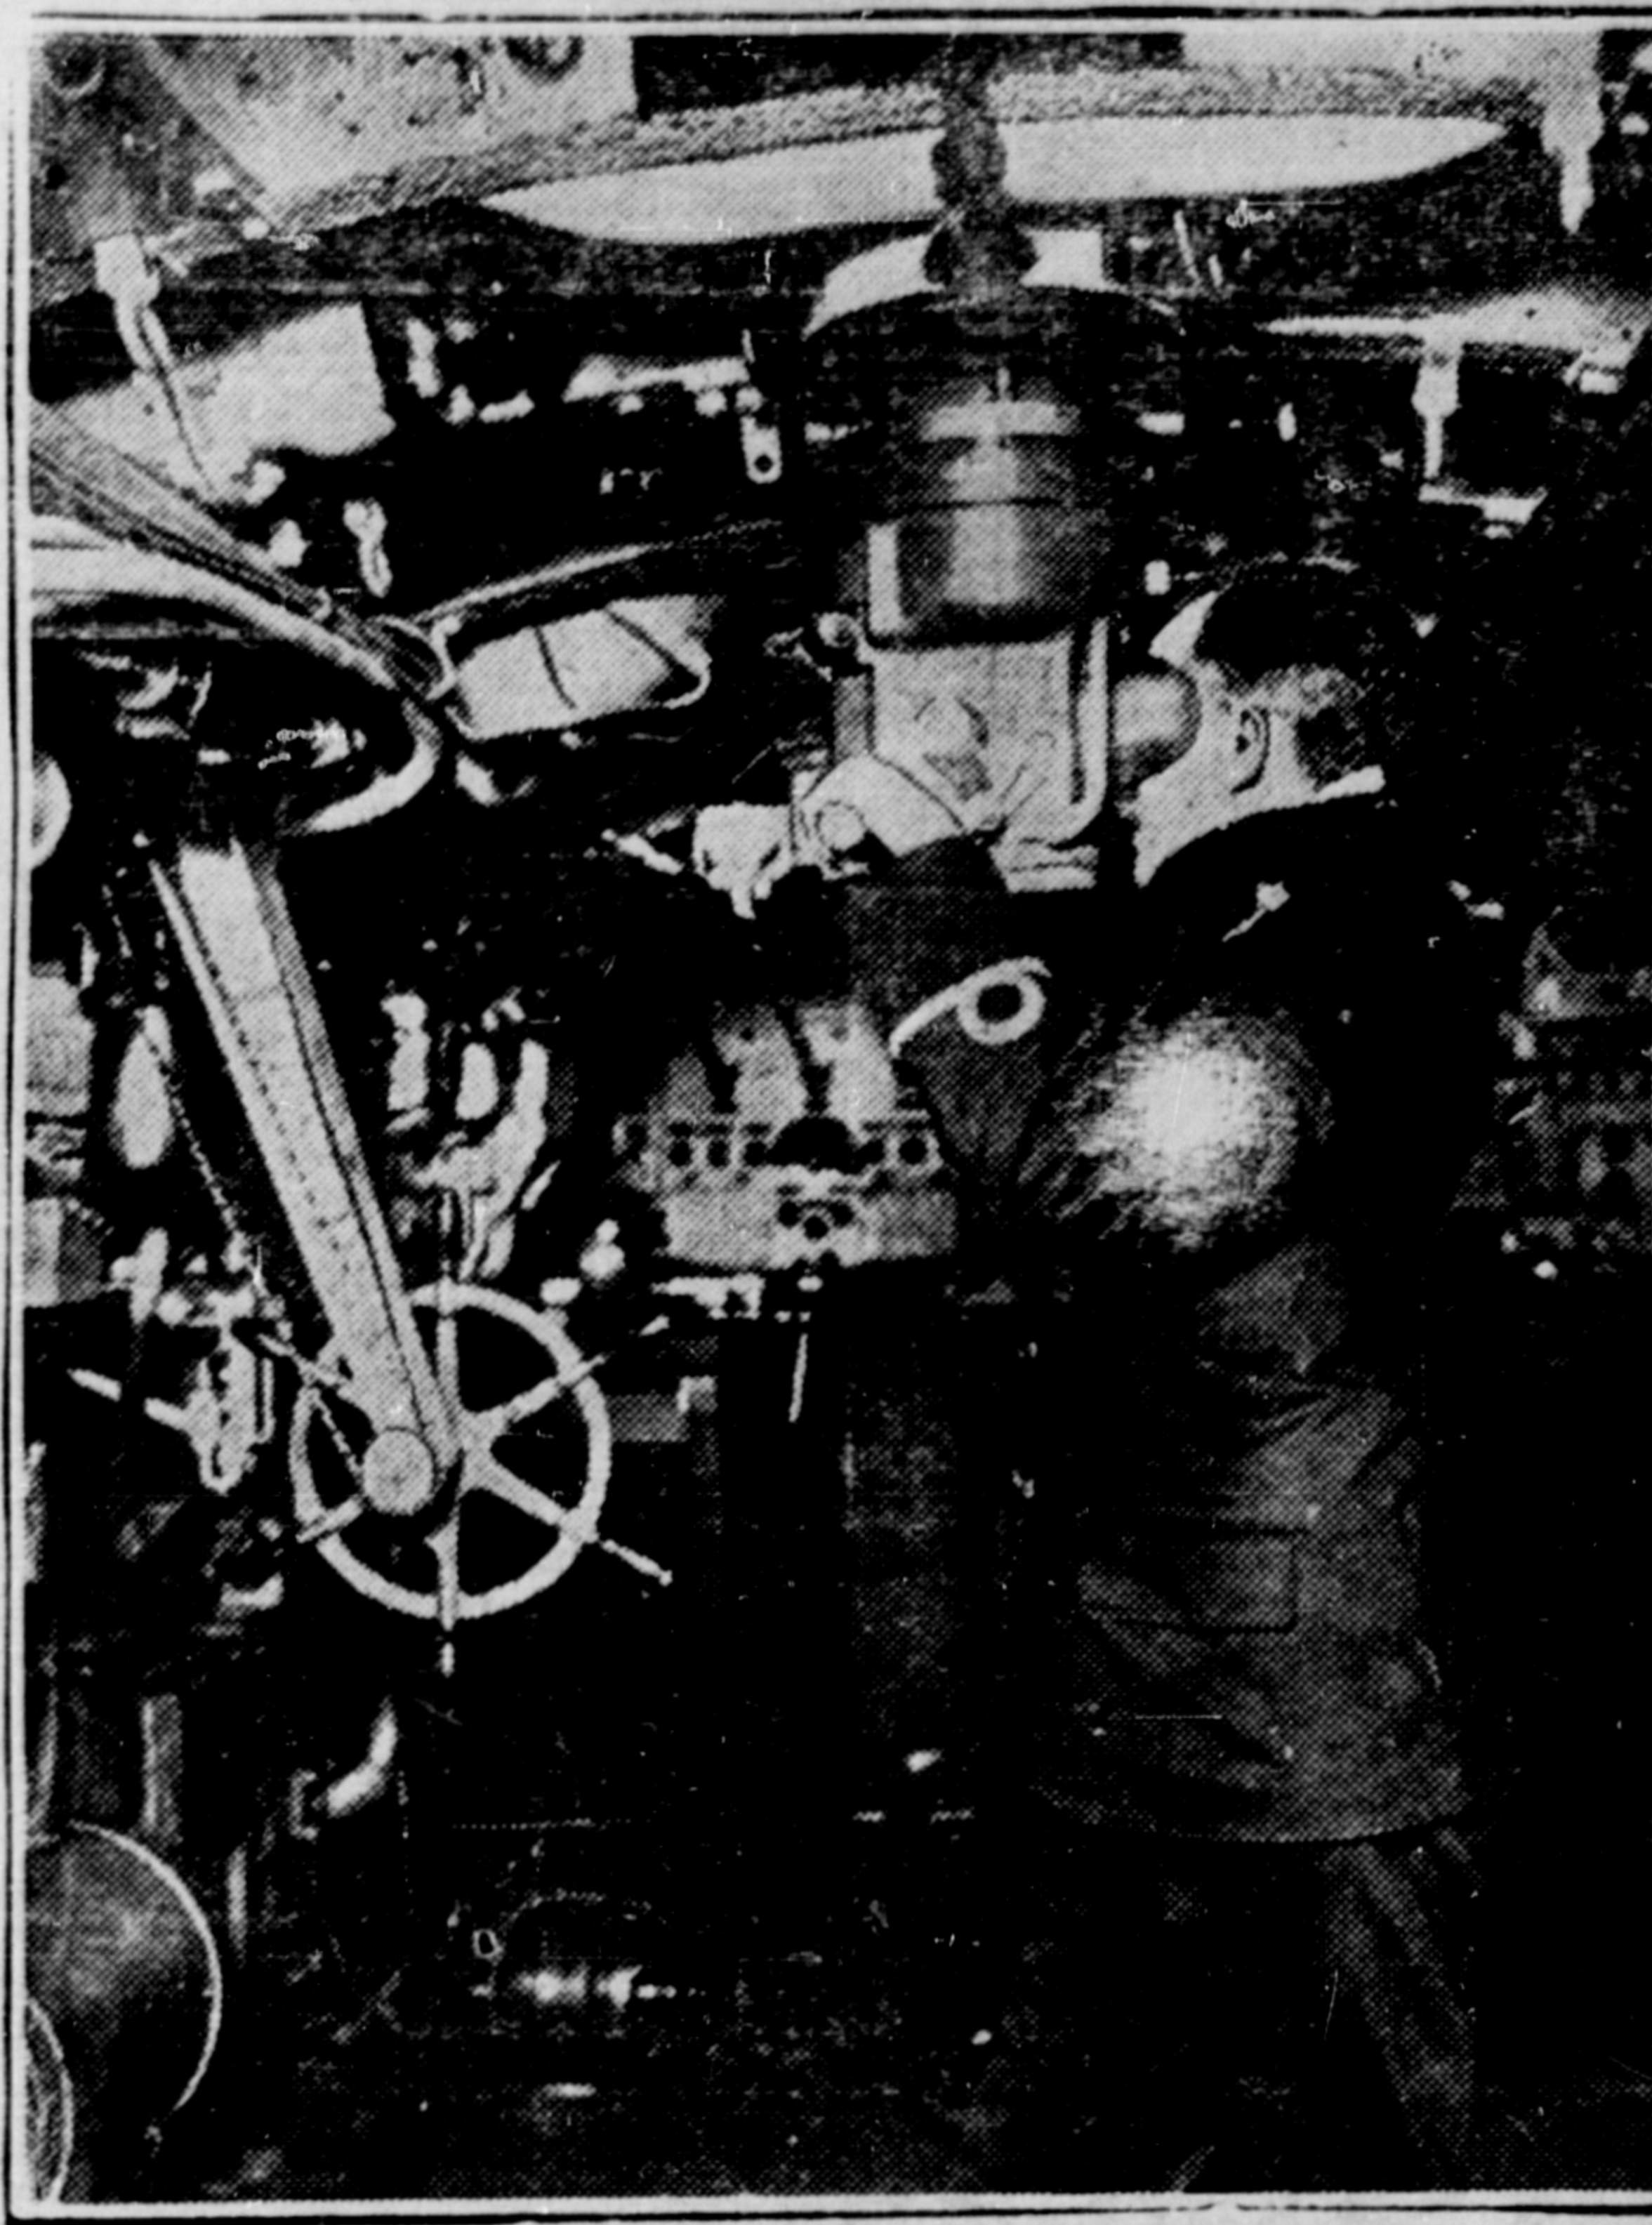

**Hill 140 Taken.**  
The French captures in Artois include Hill 140, which is the highest point of the Vinly range. For months, the Germans have been strongly entrenched in these hills, and, after being driven from the lower ground, clung tena-

ciously to the heights. In the capture of the highest point, 300 men of the Prussian Guard were taken.

**Liege Visited.**  
London, Sept. 29.—An aviator flew over Liege today from the lines of the Allies. Coming south he threw down into that city French flags and documents announcing that the Allies were advancing, and calling upon the population to keep up their courage.

Although subjected to heavy fire from the enemy, the aviator escaped unhurt.

This is the first visit of aviators from the lines of the Allies since the fall of that city. His appearance is described as having been greeted with great cheering by the Belgians there.

**LOOKING THROUGH THE PERISCOPE OF A BRITISH SUB.**

Paris, Sept. 29.—It is expected that Bulgaria will commence an attack on Serbia within the next fifteen days.

The Bulgarian ministers of finance and commerce have resigned, owing to friction in the cabinet over Bulgaria's attitude towards Greece.

The Greek government today released a number of Sikhs and Ghurkas who have been interned since the sinking of the transport Ramazan in Grecian waters.

**Berlin Report.**  
Berlin, Sept. 29.—It is reported that the successes of the Allies on the western front are not of any great importance.

The overseas agency announces that British and French troops have been landed at Port Kathrin, near Salonika, in Greece, for service in Serbia.

**Athens Report.**  
Athens, Sept. 29.—An officer on the British General Staff, who is here from the Dardanelles, says that, with the landing of troops in Macedonia, the Allies are on the eve of the greatest operation of the war.

San Francisco, Sept. 29.—Mayor James Rolph has been re-elected. Mayor Rolph is a man who has kept clear of politics, having been put into power by the Civic League after the great graft scandals six years ago. The citizens have shown their trust in him, as a man capable of conducting the city's affairs in a business-like, honest way by returning him to office for the sixth year.

Thompson and George Rudderham, who represented Prince Rupert at Labor's Parliament.

Yesterday, the secretary of the council received a telegram from Granby stating that the miners there are on strike. The officers of the council are making a full enquiry into the merits of the case, and will report their findings to that body. If it is found that the miners are justified in their action, they will have the full support of Prince Rupert Trades and Labor Council.

#### CHINESE WHISKY SIEZED BY POLICE

In the police court this morning, Wah Lee, a placid Chinaman, manager of the King Tai Company, was charged with selling liquor without a license.

Officer Bailey testified to having seized a package at the express office on Saturday, consigned to Lim Yue, Haysport. The package, produced in court, was an innocent looking Chinese tea box, containing six parcels of groceries and six bottles of liquid, which very evidently had no connection with tea. Four bottles of white liquor were labelled "Muikweilu" and two of red "Ngkapy."

By means of a hydrometer, the officer carried out a test of the Muikweilu, which showed a temperature of 71 and a specific gravity of 73, thus proving that the liquid contained 70.08 of alcohol. As a further crude test, the officer set fire to some of the liquid, which burned freely.

After making the seizure at the wharf, the police visited the King Tai store on Seventh Avenue, and found four cases and five sacks containing bottles of similar liquid.

The case was adjourned until Saturday.

#### ENDAKO FARMERS FORM ASSOCIATION

Endako, Sept. 27.—On Saturday night a meeting of the settlers of the district was held at the town hall and the following directors were appointed for the new agricultural association: Messrs. Olds, Duncan, Braithwaite, Goodall and Peterson. Over 40 settlers gave their names as members, and as so many men are out of the district at present at the harvest, it is expected to have a large membership. This association fills a long-felt want in the district and the directors wish all the local ranchers to enroll as members as early as possible.

#### "WHEN WE WERE TWENTY-ONE," AT THE WESTHOLME

William Elliott, who won a position of supreme importance on the American stage through his amazing impersonation of the impassioned young attorney in "Madame X," is introduced to the moving picture public through the Famous Players' Company's splendidly realistic five-act adaptation of the world-famous drama "When We Were Twenty-one," at the Westholme Theatre tonight and tomorrow.

Throughout the entire production, the action is charged with true human feeling, and at times the dramatic situations are very intense. An exceptionally chosen cast supports the star with splendid skill. Marie Empress, as the notorious "Firefly," is an alluring adventuress. "When We Were Twenty-one" is human to the core, wholesome and truly enjoyable from beginning to end.

"Expensive Economy," a real good comedy, completes a splendid program.
