## BIG INCREASE TIMBER SOLD

Hon. T. D. Pattullo Issues Statement  
Regarding Work of the  
Forestry Department  
For Past Year.

The value of Crown timber disposed of during the past year aggregates \$654,372.99 as against \$259,769.13 for 1916, \$483,281.50 for 1917 and \$380,408.33 for 1918, according to a statement issued by the Hon. T. D. Pattullo.

Vancouver and Island districts top the list at \$223,166.21; Fort George being second with \$134,650.33, and Prince Rupert a very close third with \$133,596.98.

The number of sales and the quantities involved is greater in every district than in any previous year. This increase is particularly noticed in the Upper Fraser River district, east of Prince George, where over 56,000,000 feet of saw timber, besides a considerable quantity of ties and cordwood were disposed of as against 11,000,000 feet sold last year.

A notable increase is shown also in the Upper Thompson River district, north of Kamloops, where some 16,000,000 feet of saw timber and 390,000 ties were sold, as compared with 12,000,000 feet and 78,000 ties last year.

The total number of sales for 1919 is 356, as against 133 in 1916; 255 in 1917 and 227 in 1918, while the area cruised for sales has increased from 23,348 acres in 1916 to 61,809 acres in 1919.

**Staff Reorganized.**  
This striking increase in timber sales, involving the cruising of a much larger area, entails much extra work on the part of the forestry and a re-organization has been effected to cope with the growing business of the Department. New men have been brought in from the ranks of the temporary staff and returned soldiers.

Over 4,000,000 lineal feet of piling was sold in 1919 as against 378,000 feet in 1918, and a large increase is also noted in the number of cords of shingle bolts and cordwood.

**Small Blocks Sold.**  
An important phase of the disposal of the Crown Timber stock is the sale by auction of small blocks and fractions adjacent to present operations, which would be wasted unless utilized immediately. Small logging units of mature or over-mature timber are also offered for sale as improvement cutting in the interest of the forest, while timber on agricultural land is also sold, so that the land may be opened up for settlement. In this work there is shown the closest co-operation between the Lands and Forest Branches of the Department.

In the Prince Rupert district there were 68 sales made, involving 12,607 acres. The number of board feet sold was 65,976,400 and the estimated revenue from the district was \$133,596.98.

**GOOD ADVERTISING  
FOR PRINCE RUPERT**  
Says Fish Industry Should Support 100,000 People and be Great Import and Export Centre.

In a beautifully printed and illustrated annotated timetable got out by the Grand Trunk Railway in honor of the visit of H. R. H. the Prince of Wales to Canada, mention is made of this city as follows:

"Prince Rupert, the Pacific coast terminal of the line, is a city which guards the finest natural harbor that man could wish for. Prince Rupert has one resource alone, the fishing industry, which will support, it is believed, a population of 100,000. From July 1, 1918, to June 30, 1919, 1,497 cars of fish, representing 32,000 tons, were carried from Prince Rupert by the Grand Trunk Pacific Railway. Prince Rupert will become one of the great export and imports centres of the Dominion, and, being the nearest city to Alaska, will prove to be the real gateway to the north. The Grand Trunk Pacific Railway, under an agreement with the Government of the Dominion of Canada, has constructed at Prince Rupert a dry dock capable of accommodating the largest ships on the Pacific Ocean and there is a shipbuilding and ship repairing plant now in operation in connection therewith."

## MANSON OPPOSED TO WALL ST. METHODS

Says Successful Action Against Shipbuilding Undertaking Would Be Severe Blow.

The Vancouver Sun just to hand says:

"Alex. M. Manson, M. L. A., against whom the main attack seems to be directed in the action started by Newman Erb, New York railway magnate, over the control of the Prince Rupert Drydock and Engineering Company, stated last night to a representative of the Sun that he had nothing to say for publication with reference to the allegations of other directors. He commented, however, that whether Wall Street methods would be allowed in Canada was a point to be decided by the courts in the litigation now pending. J. L. Mullen, he said, was a Canadian business man willing to invest money in Canadian enterprises, and a successful action against an undertaking of this kind would be a severe blow to business encouragement in this country."

## NOTICE

Federal Emergency Appropriation Department for Ex-Members of the Forces Unavoidably Unemployed.

1. This appropriation has been arranged to assist cases of need arising through Non-employment, during the winter 1919-1920.
  2. The only claim on this Appropriation is immediate need, due to employment not being available. This fact must be established before any payment is made.
  3. At the request of the Dominion Government, the distribution of this Appropriation has been undertaken by the Canadian Patriotic Fund, acting with the Information and Service Branch of the Department of Soldiers' Civil Re-Establishment.
  4. Before any application can be considered a certificate of unavoidable non-employment must be obtained from the Information and Service Branch of the Department of Soldiers' Civil Re-Establishment.
- Application forms and further information can also be obtained from the secretary of the G.W. V.A., Third Avenue.  
W. E. COLLISON, Sec.,

## 62ND BATTN. C.E.F. REGIMENTAL FUND

At a meeting of the ex-members of this battalion, it was resolved that the balance of this fund be divided amongst the widows and dependents of deceased comrades and amongst those disabled comrades who are in actual need of assistance.

Applicants are therefore notified to forward to the undersigned on or before the 31st day of January 1920, their names and addresses in full, regimental number, date of death, number and ages of dependents, present income from all sources and full particulars of present circumstances.

After the said date the committee will divide the fund amongst those who have filed their claims as required.  
J. W. NICHOLS,  
Care Canadian Fish & Cold Storage Co., Ltd., Prince Rupert, B.C. 2-8-14

## IN PROBATE.

IN THE SUPREME COURT OF BRITISH COLUMBIA.  
IN THE MATTER OF THE ADMINISTRATION ACT — and —

# PEPS

for Children's  
COUGHS & COLDS

Why are Peps best for children? Because they contain absolutely no harmful drugs. Because, when dissolved in the mouth, they are breathed down to the air passages and lungs—not swallowed, and child's delicate stomach, which is so easily upset; and because they are so pleasant to take that children never refuse them. Peps provide health-giving pine-forest fumes in pastille form. When these pastilles are dissolved in the mouth they throw off pine vapor, such as is breathed by dwellers in pine forests, and which is so highly recommended by the medical profession as being without equal for all ailments of the throat, breathing passages and lungs. These pine vapors released when Peps are taken, penetrate to all parts of the breathing organs, bringing relief and healing to the sore and inflamed membranes, ending that tight feeling in the chest, making breathing easy and stopping any cough. Keep Peps handy this winter and use them freely. Give them to the children when the first symptom of a cough or a cold appears. Just as suitable for adults. All dealers 50c. box.

## How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.

### WATER NOTICE

(Use and Storage).

TAKE NOTICE that North American Timber Holding Company, whose address is in care of M. C. Lawler, Dominion Building Vancouver, B. C., will apply for a licence to take and use 200 cubic feet per second and to store 50,000 acre feet per annum of water out of Mosquito Lake, Moresby Island, also known as the West arm of Cumsheewa Inlet, which flows into Mosquito Creek and drains into west arm of Mosquito Inlet at its head. The storage-dam will be located at the southeast extremity of Mosquito Lake. The capacity of the reservoir to be created is about 25,000 acre feet and it will flood about 500 acres of land. The water will be diverted from the lake at a point about the southeast extremity of Mosquito Lake and will be used for power purposes upon the land described as Lot 318, Queen Charlotte Islands District. This notice was posted on the ground on the 4th day of December, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is January 6, 1920.

NORTH AMERICAN TIMBER HOLDING COMPANY, Applicant.
