

Mrs. Taylor's
Gingerbread.

Mrs. Taylor uses "Pacific Milk" for all purposes and finds it most successful. Her Gingerbread recipe is a good one:

- 3 oz. butter
- 3 oz. sugar
- 12 oz. flour
- 8 oz. syrup
- 1/2 oz. ground ginger
- 1/2 oz. mixed spice
- 1/2 teaspoon soda
- 1/2 cup Pacific Milk diluted

Mix well and bake in a slow oven.

BIG SHIPMENT OF ORE FROM PREMIER MINE

Steamer Prince John Brought 250 Tons and Will proceed to Tacoma After Call at Islands.

The Grand Trunk Steamer, Prince John, arrived back from Stewart yesterday after discharging a quantity of freight at that port and loading 250 tons of ore from the Premier Mine for Tacoma Smelter. The old wharf at Stewart is covered with several feet of ice and the freight had to be discharged on the ice. The ore was loaded from a scow, the scow having been loaded from the sleighs which carry the ore from the mine, the scow being moored alongside the new road.

Before the ore is taken to Tacoma, the Prince John is taking a big shipment of cattle to Masset and carrying freight to Port Clements and Buckley Bay. She left last night and should return Tuesday.

The John will carry passengers and freight to Skidegate and other points on the south Island and will continue southward to Tacoma, calling at the Islands again on her return.

Those who made the round trip on the boat to Stewart were W. H. Wright, H. G. Lee, R. Beaumont, D. S. Anderson, O. B. Bush, J. C. Gavigan, Mr. and Mrs. H. E. Smith and R. K. Neil.

PRINCE GEORGE

Eight charges against parents here for non-attendance of their children in the city schools have been preferred by Principal Ivor Bassett. Two fines have been imposed and hearings in the other cases are going on this week.

Lieut George A. Baurle, a pioneer surveyor in Prince George, returned last week to town after spending several years away on service with the Canadian forces. Lieut. Baurle has an enviable military record as he rose from the ranks and saw long service in France. Lieut. Baurle has recently been visiting with his parents in New York.

The heaviest fall of snow that has been experienced here this winter came down last week. The roads in many places are practically impassable but the snow plows are out doing good work.

Grier Starrett, the man who organized the New England Fish Company, was in town last week. Mr. Starrett is organizing a fish company that will operate at Fraser and Stuart Lakes.

A fire broke out last Monday night in the cleaning and pressing shop of J. Wyatt next to the G.T.P. building. The fire was caused by the ignition of some gasoline which was being used. The place was soon a mass of flames but the blaze was soon checked with the prompt arrival of the fire department.

VANDERHOOF

Otto Hammond is building a butcher shop and bakery for Walter Adams which will be completed by March 15. The new building will measure 32 feet by 46 feet.

Last Sunday, Mrs. Ogston and her son, George, gave a most sumptuous turkey dinner at their home to a number of friends in honor of Burns' birthday.

A great influx of settlers from the prairies is expected in the Nechako valley this summer. Many prairie farmers have recently visited the valley with a view to settling and many of them have decided to give up their Eastern holdings and come West.

Stanley McLean had the misfortune to break his leg while logging at Fraser Lake last week and is being attended by Dr. Stone.

The Citizens' Committee of Vanderhoof, have decided to send no delegates to the convention of the Provincial Boards of Trade to be held in Vancouver this month.

T. McKendrick, representing the Grand Trunk Pacific Railway, was here last week investigating the claims of local farmers who had cattle killed on the tracks west of town a few months ago.

SMITHERS

J. V. Collier, a Francois Lake rancher, was brought to Smithers last week to stand trial before local J.P.'s charged with beating his wife. He was brought down from Burns Lake by Constable Service.

Mrs. J. P. Downey is recovering nicely from an operation she recently underwent at the Hazelton Hospital.

The home of Mr. and Mrs. W. Boyer was the scene of a jolly gathering of young folks last week when Miss Jean Grant and James Stockman entertained in honor of the latter's birthday. Miss Kane and Mr. Hutchison won the prizes in a guessing contest. After refreshments had been served dancing was indulged in.

The infant son of Mr. and Mrs. James Kennedy died at the Hazelton Hospital last week. The baby was only a few days old.

W. G. Berry, of Bawlf, Alberta, has arrived in Smithers to take a position with R. S. Sargent, Ltd.

T. T. Dunlop returned to Smithers last Wednesday after having attended a meeting of district engineers and assistants at Victoria.

J. Tanner, of Kelly, Douglas & Co., returned on the Prince John yesterday afternoon from a business trip to Stewart.

Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weatherman is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

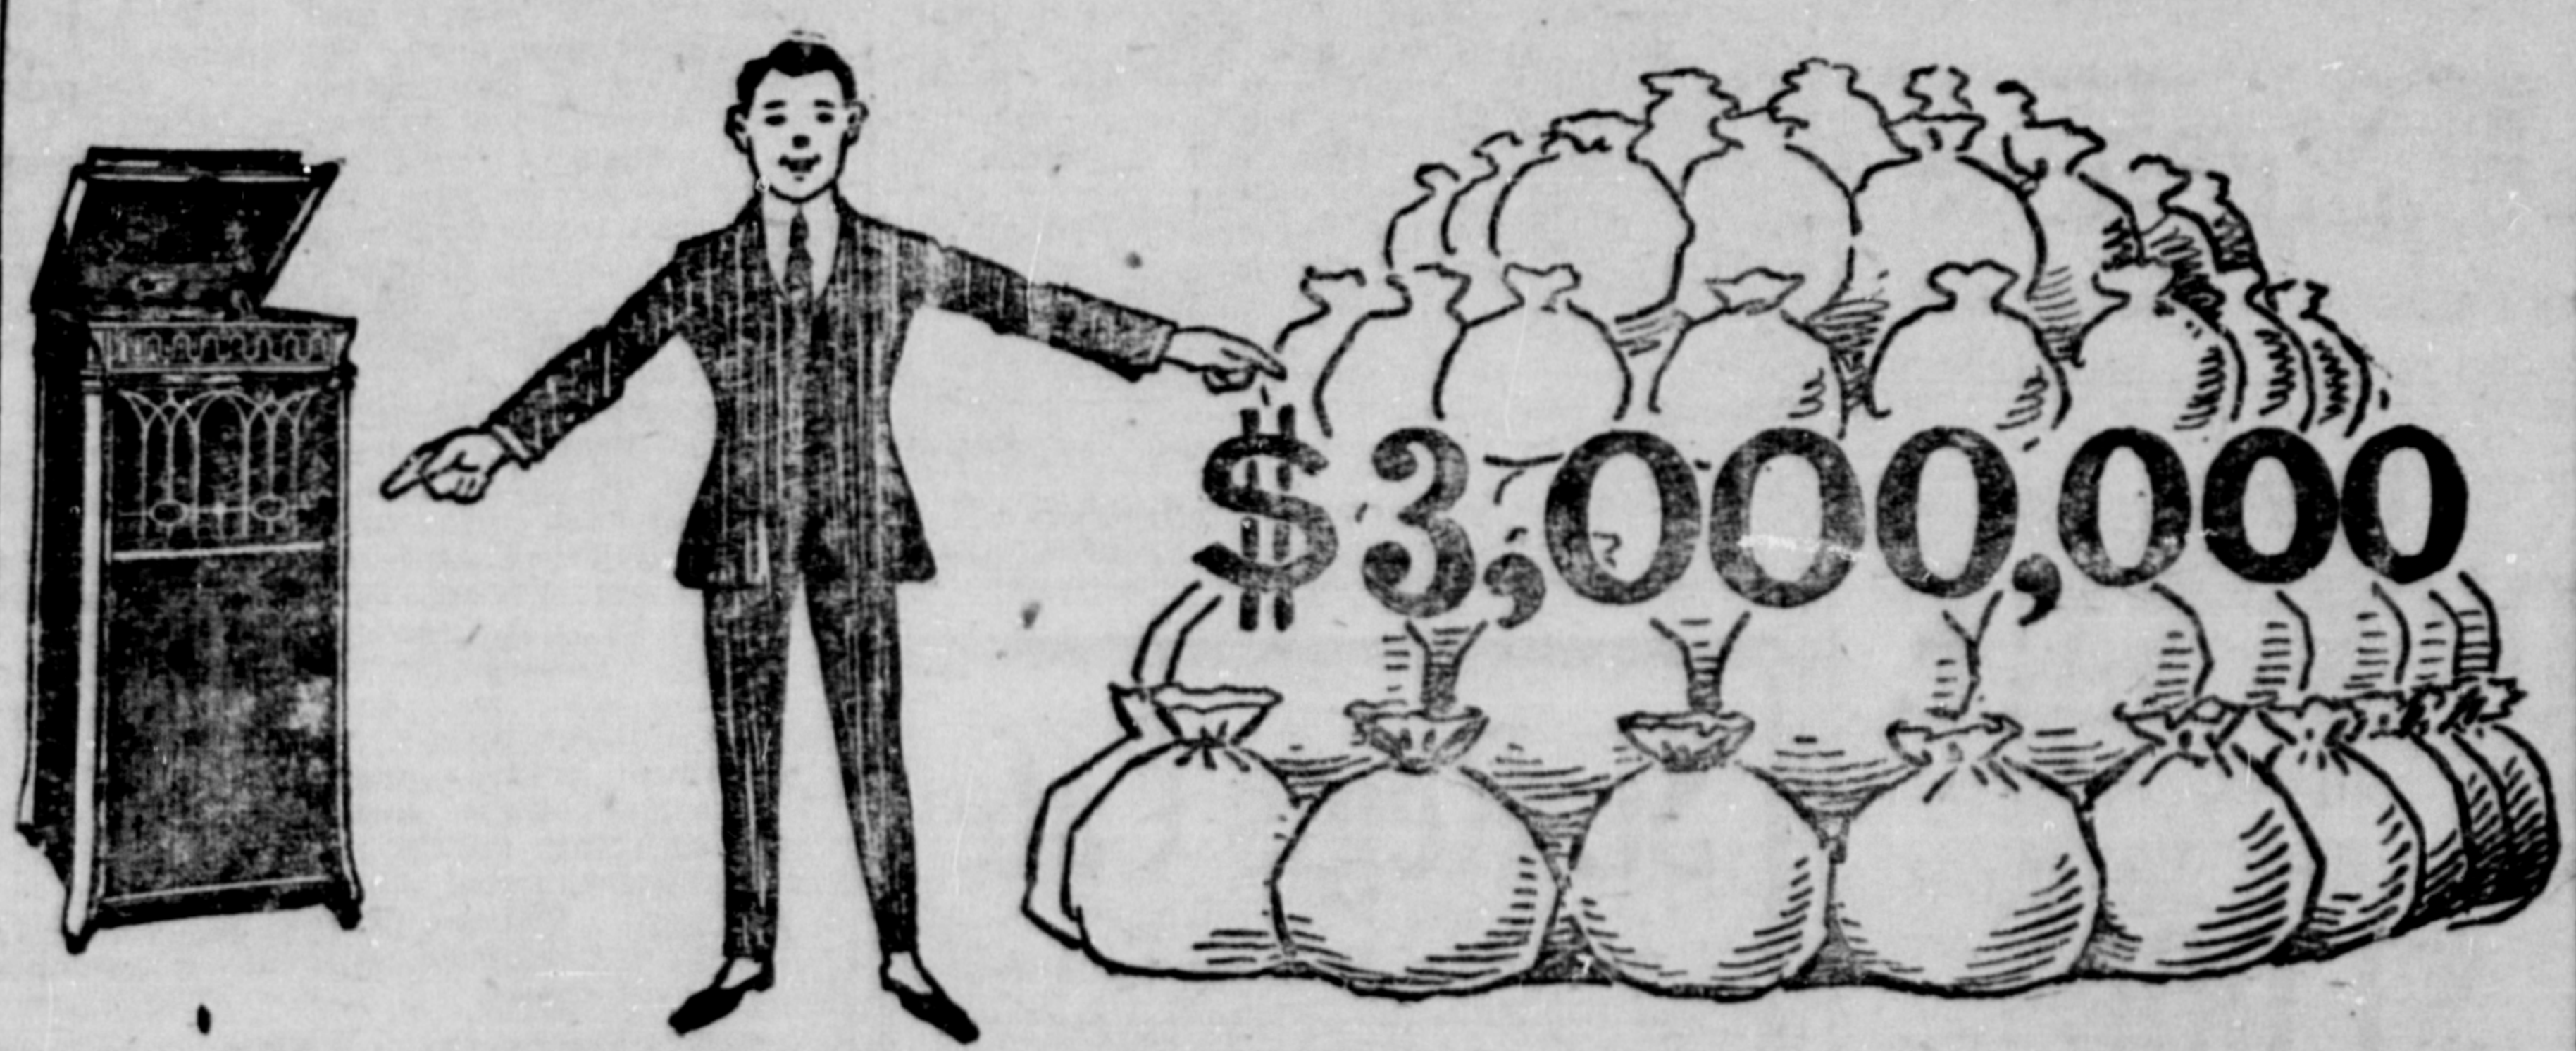

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

Three million dollars for a phonograph!

That's what it cost to perfect the only instrument that RE-CREATES music so faithfully that no one can tell whether it is the living artist he hears or the phonograph—when one is heard in direct comparison with the other. Add to that three million dollars, Thomas A. Edison's genius, his vast knowledge and his indomitable will and you realize how much was required to make

The NEW EDISON

"The Phonograph with a Soul"

"Now go ahead and build replicas," said Mr. Edison to his staff when he had finally achieved an instrument which would meet the tone test. "Call it the Official Laboratory Model and uphold the standards I have set to the last detail."

This three million dollar Phonograph is on display here—come in and hear it.

Ask for a copy of the beautiful book "Edison and Music" and the booklet "What the Critics Say" which proves Edison superiority.
