Miss Fletcher

Miss S. Fletcher says she keeps  
house for her brother in a little  
town on the Coast. "I am quite  
old-fashioned in my ways, and  
many say they like the old ways  
of cooking. Perhaps they're  
only flattering an old woman."

At any rate she says that all  
her cooking is done with Pacific  
Milk and that so far as her ex-  
perience goes she prefers it  
to fresh milk. "Though I was  
raised on a farm," she adds.

## McQUARRIE IS CONVERTED ON THE FISHERIES

Now Approves Change Made by  
Ottawa Government in  
This District.

"Elimination of the Japanese  
fishermen from the waters of  
British Columbia is the aim of  
the department of marine and  
fisheries at Ottawa," stated W.  
G. McQuarrie, member for New  
Westminster, upon his return  
from the Dominion capital, to  
New Westminster, as reported in  
the Vancouver Province.

"Of course, you understand,"  
Mr. McQuarrie proceeded, "that  
is something which can not be  
done quickly. It will take some  
time, but I am satisfied that is  
what the department is endeavor-  
ing to bring about in as satis-  
factory a manner as the exigen-  
cies of the case will permit."

Mr. McQuarrie was speaking in  
connection with the regulations  
recently approved by Hon. Mr.  
Ballantyne, regulations which he  
declined to alter at the repeated  
request of interests from several  
parts of the Lower Mainland.

### North in Favor.

"The north," said Mr. Mc-  
Quarrie, "is apparently very much  
in favor of the new laws. I saw  
much correspondence at Ottawa  
bearing on the matter, all approv-  
ing the regulations and, as a  
matter of fact, the Prince Rupert  
Board of Trade passed a resolu-  
tion of commendation after the  
text of the laws was made public."

"In reality," the member con-  
tinued, "it is the north which is  
chiefly affected. The Fraser River  
men are not affected, aside from  
the fact that some of them may  
go north to fish. Fishermen on  
the Fraser can not be opposed, I  
think, for the regulations tend to  
reduce the number of licenses to  
be issued Japanese. For 1920  
they are restricted to the 1919  
quota, the smallest on record."

Mr. McQuarrie quite frankly  
admits that his attitude in respect  
to the regulations has undergone  
a change since he left for the  
east some weeks ago. He has  
worked hard to have the voice of  
the Lower Mainland people heard,  
but he is now of the opinion that  
the new rules are not only reason-  
able and should be tried out this  
year, but that they are really  
workable. He does not think they  
will have the disastrous affect  
prophesied. He is aware that the  
cannerymen object, but suggests  
this opposition is based largely  
on the proposal to throw cannery  
license open.

### Forty More Patrols.

He is convinced that adequate  
steps will be taken to protect the  
salmon on their way to the  
spawning beds and to this end  
forty additional fishery patrol  
boats will be put into active use  
this year at a cost of more than  
\$100,000. In the last analysis,  
he points out, the new rules gives  
the officials power to stop fishing  
at any time deemed essential.

Mr. McQuarrie adds that Hon.  
Mr. Ballantyne and W. A. Found,  
superintendent of fisheries, ex-  
pect to be on the coast this sum-  
mer and will no doubt be glad to  
hear evidence as to how the new  
laws operate. Mr. McQuarrie ex-  
pects to be on the coast for about  
a week, his chief object in return-  
ing just now being to place his  
views and the information gleaned  
at Ottawa before his interested  
constituents.

THAT the man who knocks his

THAT the pessimist sarcasti-  
cally remarks "Winter is starting

THAT the clothes made for  
young men these days are very  
accommodating. They do not  
provide much room for a big wad  
of long green.

THAT the first step in having  
a city beautiful is to reform the  
styles.

THAT it is very difficult for  
some people to live since the price

THAT some people are so far

THAT since Dr. Bayne caught  
that century halibut at Metlakatla  
the Indian village should become  
a favorite resort.

THAT it is difficult to keep up

## Grip-Fix Allays 'Flu Symptoms

Get It in Capsule Form from  
Your Druggist—No Sub-  
stitute Does the Same  
Work.

While the Spanish influenza prevails the  
best plan is to play safe. Have two or  
three boxes of Grip-Fix in your home and  
you can laugh at colds and 'flu because  
you have right there the treatment that  
does the trick.

The best thing that doctors can do in  
flu cases is to allay the different symptoms  
as they appear. There is no specific  
against the disease and the treatment of  
individual symptoms is the uniform method  
employed in nearly all cases.

The symptoms of colds and 'flu are  
nearly identical. In a great many in-  
stances medical men themselves can not  
distinguish between them. For many  
ears Grip-Fix has been relieving colds in  
a single night. The medicine is in capsule  
form, and gives prompt results. Grip-Fix  
is swift, safe and sure.

Grip-Fix is compounded of Phenacetin,  
Quinine, Salol, Caffein Citrate, Cascara and  
camphor Monobromate. These drugs con-  
stitute the standard prescription that most  
doctors use for the alleviation of a cold.  
Ask your druggist for Grip-Fix and be  
sure you get the original. There's nothing  
like it. Sells for 35 cents per box  
at all drug stores.
