Half a Pineapple For One Dessert

In Jiffy-Jell desserts the fruit flavors are abundant. For instance, half a pineapple is crushed to make the flavor for one pint dessert. This is done in Hawaii from fruit too ripe to ship.

All Jiffy-Jell fruit flavors are made from condensed fruit juice. They come in liquid form—in vials—a bottle in each package. That is true of no other quick gelatine dessert. A few cents will serve a real-fruit dessert for six people. No artificial flavor, no saccharine. It is the most delicious fruit dessert available, and it comes in ten choice flavors.

COLTS STILL GOING STRONG

Beat the Beavers Last Night by 16-1 Score—Errors by Latter.

The Colts completely outclassed the Beavers in the baseball game at the Acropolis Hill last night, defeating them by the score of 16 to 1. Many errors were made by the Beavers and their fielding was rather loose, while the Colts' battery was very tight and was well backed up in the field. In the seventh inning due to a double error by first baseman and catcher the Colts were allowed four runs in one batch.

The batteries were Hill and Smith for the Colts, and Sweet and Crossley for the Beavers. G. R. Hearn was balls and strikes umpire and Wallace Anderson made the base-line decisions. The crowd watching the game was quite large and very enthusiastic.

The standing:

	W.	L.	Pct.
Colts	3	1	750
Red Sox	2	2	500
Sawmill	2	2	500
Beavers	1	3	250

He was picked up by another boat but not until he had inhaled a good deal of salt water and was in an unconscious condition. On his arrival here he was taken to the hospital by Constable McGlinchey.

The Big Profits are in Contented Cows
Cows, notwithstanding the layman's ideas to the contrary, are really highly nervous and sensitive animals, as all farmers know. Flies pester them and make them nervous and ill-tempered. This affects the milk and the milk supply and so decreases profits. Calves and heifers can't obtain their proper weight, strength and vitality when worried by flies. Flies carry contagion and are in every way undesirable. Be humane—be comfortable and make your cows contented by using Pratt's Fly Chaser. It is easy to use and never fails.
