Cow Bay Question Should be Settled.

The Cow Bay question undoubtedly should be settled soon and the status of everyone made clear. Recently Captain Freeman asked the Board of Trade to recommend that floats be built on the waterfront between the old Hazelton and the Imperial Oil property.

Elaborate plans have been drawn for improvements to the provincial docks. It is Cow Bay that is holding it up.

The Cow Bay bridge is anything but a credit to the city as it at present stands. It is a smelly place and something should be done to improve it. It is tied up, however.

It has been pointed out that the level crossing to the provincial dock might be put in without closing Cow Bay. There is plenty of space, apparently, for a road where the present road crosses.

The joint committee of the Board of Trade and City Council will be able to gather data in regard to all the proposals and not only make recommendations but will be able to give reasons for those recommendations which may clear the matter up.

Boys' Naval Brigade Is to be Formed.

A Boys' Naval Brigade is to be formed here under the direction of C. V. Evitt. This will be good news to a good many of the boys who have been looking forward to the time when they could get into uniforms.

Mr. Evitt is particularly well qualified for the work of commanding the brigade and Capt. McCoskrie should make an admirable instructor in nautical matters.

Skeena Wonder At Terrace.

The Michaud Brothers have been experimenting in their garden in the production of new berries. The News has heard something of their work before, but now a correspondent says that some of the new berries are on view in one of the shop windows at Terrace.

There is so much to be done by helping nature, both in the field and garden and also in the animal kingdom, that the wonder is that more has not been accomplished along these lines. If a better berry has been produced by the Michauds that is suited to the climate of the northern sections of the country, they will have benefitted the world.

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking 'FRUIT-A-TIVES'

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt its return.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

JOHN E. GUILDERSON, Contractor and Mason.

50c. a box, 6 for \$2.50, trial size 25c.

PRINCE RUPERT TIDES

Saturday, August 7

High, 6:28 a.m., 15.7 feet.

18:36 p.m., 18.6 feet.

Low, 0:13 a.m., 6.1 feet.

12:04 p.m., 7.2 feet.

Sunday, August 8

High, 7:43 a.m., 15.1 feet.

19:42 p.m., 18.5 feet.

Low, 1:25 a.m., 6.2 feet.

13:08 p.m., 8.2 feet.

The time used is Pacific Standard, for the 120th Meridian west.

It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same.

The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps.

Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

Ten Years Ago in Prince Rupert

August 7, 1910

A thousand boxes of strawberries were shipped out last week to southern cities from Lakelse and Kitsumkallum via Prince Rupert.

A station gang started work this morning to remove the big rock in front of Government Agent J. H. McMullin's residence on Second Avenue. The central portion of the rock will be left and a lawn built up around it giving a very artistic effect.

The synod of the diocese of Caledonia is being held here this week.

The Grand Trunk Pacific has decided to build another wharf for railway purposes.

Frank Keeley has just received a yacht which he claims will put all others in the shade for style and speed.

The Man in the Moon SAYS

THAT some Irish people had been dickering with Germany during the war, according to Lloyd George.

THAT others must have been dickering with Palestine, judging from the curious tickets found in their pockets when arrested.

THAT a man named Gallicano lost ten thousand dollars by fire while he was collecting four thousand from the insurance companies.

THAT it serves him right for having such a name.

THAT have you seen the "Skeena Wonder?"

THAT if you see it you are likely to get an attack of beriberi.

THAT according to the despatches a woman was sandbagged at Vancouver and the sum of \$27 was stolen from her.

THAT sandbagging is a very clumsy method. It is much more efficacious and less messy to sell them some marvellous stock and keep them hoping so that the loss hits them gradually.

THAT there are many people who would like to have a memory like the witness Garnett, who says he remembers nothing of recent events.

THAT there are so many things we would all like to forget.

THAT if the birdmen do not make much better speed on their trip to Nome, they will not be able even to race a scow.

THAT if they are not adepts at flying, they seem to be able to dance.

THAT they should turn north from Hazelton about Tuesday, unless the mosquitoes sting another hole in the tanks.

ALBERTA CROPS

Hon. Geo. P. Smith says he Never Saw them Better in Central Alberta

EDMONTON, Aug. 7.—"I have been in this country for twenty years and I have never seen better crops than I saw through the Camrose, Vegreville and neighboring districts during the past two or three weeks," said the Hon. Geo. P. Smith, minister of education, last night, following his return to the city from an extended tour of a number of districts in central Alberta. "Every place I went the crop is abundant and there has been no damage. Some of the fields are 'turning golden. The spirit of optimism which I found and the appearance of the farm forecasts prosperity."

During the past three weeks Mr. Smith has been touring the Camrose, Vegreville and neighboring districts holding public meetings at which he has explained the policy and work of the department of education. Altogether Mr. Smith addressed twenty meetings and in every case found the people of the district deeply interested in educational matters. He brought the trip to a conclusion on Monday with the opening of a new two-roomed school in the Ruthenian district about twenty-five miles north of Vegreville.
