Miss Gladys Kemp of the staff at the Grand Trunk offices returned from a holiday trip to the south by the Prince George today.

F. S. Clements, the city engineer, is taking his holidays and will leave tonight for Stewart, accompanied by Mrs. Clements, Major and Mrs. Philpott and Capt. Percy Miller.

Lieut. Helmsing who has been in the city in the interests of the Navy League of Canada is leaving for Anyox by the Prince John tonight. On his return, on account of many requests, it is possible that Lieut. Helmsing will repeat his lecture on the Zeebrugge raid.

At the County Court this morning J. J. Urlacher was sentenced to six months at Okalla Farm to date from the time of his arrest. He was charged with the assault of James Garnett who received serious injuries in the head during a fighting fracas on Sunday, June 27.

A party of prominent men interested in mining arrived this morning on the Prince George and will leave tonight for Stewart. They include General Leckie, who is interested in the Hercules group; W. HOGES, manager of the Bank of Montreal at Vancouver; Dr. B. D. Gillies, A. E. Jukes and W. E. Raynor.

A notice that application had been made by the Express Traffic Association for a forty per cent increase in rates was read at the meeting of the Board of Trade last night and left for the freight rates committee to answer. It was explained in the circular letter that the loss in nine months had been \$119,000 in addition to interest on bonds and dividends to shareholders.

A supplementary reading book will be introduced into the public schools next term by the Navy League which has the approval of the board of education. It was announced at the meeting of the league last night. In various parts of the province lecturers will visit and deliver addresses to the children. For the essays written upon such subjects handsome pictures will be offered as prizes. In points which are too far out of the way to be visited these text books will be used and the essays sent in for the competitions.

Two-color window cards take the eye quickly. See them at the News Job Department.

In the Letter Box

Boys at Shipyard.

Daily News Editor:— Regarding the matter of small boys being employed at the ship-building plant and the nature of the work they are engaged in, as one who is daily on the job and conversant with the nature of the work the boys are doing, I wish to state for the information of the school trustees that the work the boys are doing is not of a laborious nature, and cannot injure them in that respect. On the other hand it will enable the boys to get an early grasp in mechanical construction, which in my opinion is merely an extension of our manual training school. Besides it will give the boys some cash in hand with which to procure some of their long cherished desires.

While no one could argue that a boy could not meet with an accident around the plant, neither can one argue that they are free from danger running wild around the streets. In my opinion the boys are merely taking advantage of their school vacation and have taken on the character of little men. They will again return to boyhood when school opens, through laying down their tools and taking up their books, bigger, better and wiser pupils.

Thanking you, Mr. Editor, respectfully,

GEO. B. CASEY.

Miss Rorvik left for up the line on a short holiday by this morning's train.

Miss Fuller arrived back on the Prince George today following a holiday trip to the south.

The fishing boats which were in port for yesterday's sale are holding over their catches until Sunday morning.

A letter from Colonel Peck regretting the fact that there was no appropriation this year for a fish wharf, was read to the Board of Trade. The member said he would try to get the appropriation next year.

Wm. Johnson, an Indian, pleaded guilty to the charge of stealing a watch and chain at Port Essington in the County Court this morning before Judge Young. He will come up for sentence on Monday.

At the trial of J. J. Urlacher this morning, Judge Young criticized the action of the city police in not having arrested Steputis and Good in connection with the disturbance raised on the night of June 27, when James Garnett was so seriously injured.

Miss Margaret Allen left for river by the train this morning where she will visit for a few days with her parents before leaving on a short holiday to Edmonton. She hopes to be in Hazelton for the arrival of the Nome airplanes.

On Sale in Prince Rupert by Prince Rupert Drug Co

One in every ten Canadian earners is a railway employee.

ON two million wheels rolls the traffic of Canada's steam railways.

As each train reaches a divisional point these wheels must be tested. For this work nine hundred car inspectors are required.

While the train crew pick up their orders, while engines are changed, while ice and water tanks are charged, the Car Inspector strikes each wheel and axle—and listens for the false note that marks a flaw.

Though he rarely finds one, the vigilance of the railways cannot on that account be relaxed—and 3,500,000 hours of labor must be paid for this service alone every year.

Photos of proximate only.

Increased freight rates are imperative, not only in the interests of the railways but of the individual citizen and the community as a whole.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Prince Rupert, B. C.

The "Round" All Wood Horn

They sing INTO a round horn, and the Brunswick sends it OUT in a round horn.

That's a simple "secret" isn't it? And yet no one has ever made a round WOOD horn before—and more than that, no one ever will, because this is one of the exclusive patented features of

You never heard of a "square" horn in a band or any musical instrument; you never saw a square megaphone. We learned in High School that all sound waves travel in circles or ovals, yet you will not find any round horns or amplifiers in any of the old style Talking Machines. This one feature alone is responsible for much of the Brunswick's wonderful TONE. It makes every good record—of ANY make—better, because it is all wood. Yet the Brunswick costs no more than ordinary phonographs—prices of conventional models range from \$148 to \$395. Sold on easy payments.
