**Sport Briefs**

Tonight is the night for the great affray between the Red Sox and the Sawmill baseball teams. Both nines have been working very hard to get into good standing and the Sawmill have pulled up exceptionally well during the past few matches. The present leaders of the league are the Colts but a win for either team brings up a dangerous second placer. Before the season is completed there will be some very thrilling engagements on the Acropolis Hill grounds.

One advantage in the organization of a naval Boys' Brigade here will be that local youths will have the opportunity to get physical training under proper instruction. Boxing, rowing, running, etc., always hold the eager youth in fine check to make him a better man all round. Aquatic sports will also receive a good deal more attention than they have up to the present.

The senior team baseball boys showed very clearly last Friday evening that they could do more than merely juggle baseballs. The superior way that they served the ice cream and cake showed that they were all past masters in the art. Clem as dish-washer and Harry Day on the scoop showed that they were on to their job.

When are the Junior League baseball boys going to be able to get under way again? W. J. Cash will be out of the city for a number of weeks but the boys ought to be able to carry on by themselves for such time. After all the valuable assistance and guidance that the youths have received from Mr. Cash they ought to be able to run a league by themselves.

**GAMBLING IS SURE TO KILL BASEBALL GAME**

Baseball must be kept clean from betting, or the national pastime will become a dead sport, according to Charlie Graham, manager and part owner of the San Francisco baseball club, who started the minor leagues when he unconditionally released two of his best pitchers, Tom Seaton and Casty Smith, about three months ago, because it was rumored that they were aligned with gamblers. San Francisco at that time was leading the league and Graham announced that although the releases would probably cost him a pennant, the cleanliness of baseball meant more to him and the San Francisco club than the mere winning of a pennant. Graham rejoices that the gambler has been driven from the San Francisco baseball yard.

President Klepper and the Seattle directors have been waging a war against the alleged gambling element of Seattle and have had detectives stationed in the stand. Only last Monday a man thought to be betting on the game here was quietly removed from the grandstand. It is said that bets running into thousands of dollars on a single game have been made in various cities in the Coast League and it is with a view to stopping this practice that the league has taken action.

A. P. McCorkindale was among the passengers going south last night.

**NOTICE TO CONTRACTORS.**

**PRINCE RUPERT WHARF EXTENSION.**

Tenders will be received by the Honourable The Minister of Public Works up to noon, the 9th day of August, 1920, for the erection of New Timber Wharf Extension to the present Wharf, at Prince Rupert, B. C.

Plans, specifications, contract and forms of tender may be seen on and after the 14th day of July, 1920, at the office of the PROVINCIAL DISTRICT ENGINEER VANCOUVER, B. C., and the PROVINCIAL DISTRICT ENGINEER, PRINCE RUPERT, B. C., and the DEPARTMENT OF PUBLIC WORKS, VICTORIA, B. C.

By application at the above mentioned offices, contractors may obtain a copy of the plans and specifications for the sum of five dollars (\$5) or a marked cheque for that amount, which will be refunded on their return in good order.

Each tender must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable The Minister of Public Works, for a sum equal to five per cent (5%) of the tender, which shall be forfeited if the tenderer declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheque of unsuccessful tenderers will be returned to them upon the execution of the contract.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,  
Public Works Engineer,  
Department of Public Works,  
Victoria, B. C.

**BEHIND every industry in Canada—**

—from the patient truck-gardener bowed over his lettuces—

—to the young manufacturer struggling to prove the worth of Canadian skill and Canadian material in some new enterprise—

—stand the railways—the intelligence, the power and the hopes of the railways of Canada.

Not, like the Exploiter, watching to take harsh advantage of hard-times or the follies of a boom—

Not seeking by a moment's shrewdness to "clean up a million and get out!"

Not interested in the price of real estate in just ONE town, or the prosperity of just ONE province—

But, instead, employing their widely-gathered intelligence in the interests of all Canada for all time to come!

For the railways of Canada cannot be lifted up and carried away to serve any other master than Canada!

Their services cannot find any buyer but Canada!

They injure themselves if by asking too high returns To-day they damage the prosperity of the citizens of To-morrow.

The request for increased freight rates is made with these facts in view.

Canada will still have the cheapest, the fastest and the most reliable railways in the world!
