## Miners' Strike is Practically Ended

### PLENDID RECORD HAS BEEN MADE BY THE PROVINCIAL ADMINISTRATION

#### Pattullo Makes Statement of the Government Policy

deals with general features and also with those that refer particularly to Prince Rupert and surrounding district

Hon. T. D. Pattullo has issued the following address to the members of the Prince Rupert Electoral District:  
 Ladies and gentlemen,—It is now approximately four years ago you elected to office your present administration in charge of our provincial government. The character of that administration is now so clearly defined and, I think, sufficiently understood by the people at large that it seems only right and proper that the government should submit itself to the judgment of the people for the purpose of giving the people an opportunity to say whether they generally approve of the purposes and policies which are trying to be accomplished. I would like briefly to review, by generalization, the general governmental situation as it appears to me.

Let me recall that your present administration came into office at a time when conditions were from toward a boom in speculative exploitation had been through. The province was in debt, with huge deficits of immediate current revenue to meet and no money in the treasury to meet them.

Then, too, the great war was in the trying anxiety of the conditions arising from which are well known to you.

**Financial Conditions**  
 The thing that the Government did was the obvious thing, to put its financial house in order and re-establish the credit of the province, which had been depreciated in financial circles. This was accomplished by revenue and expenditure on current account, and increased taxation.

**Timber**  
 In respect of our timber resources, working in conjunction with those engaged in the industry, the Government has carried out a forward policy. We are constantly studying market conditions and, through our timber export department, have been of great assistance to the industry.

We also offer special inducement to the establishment of pulp and paper industries, and I am glad to say that there are several projects well under way. The establishment of a pulp and paper industry entails a very heavy investment and necessarily takes some little time, but there is no doubt whatever that some of the projects now under way will go through to successful completion.

**Water**  
 With respect to water power, one of the main uses to which water power development can be put is in the pulp and paper industry; but, apart from this industry, there are several projects under way at the present time, notably the Bridge River power project, the promoters of which are spending a large sum of money, which will eventually run into many millions of dollars.

One of the most vital issues facing Prince Rupert at the present time is water power. A number of projects have been under consideration looking to the establishment of a pulp industry and development of power on waters adjacent to Prince Rupert, and I have assured those interested of the sympathetic

(continued on Page Four.)

#### HELPING ALBERTA TEACHERS.

The Hon. George H. Smith, minister of education for Alberta, pointed out in an interview recently in Toronto three interesting experiments in connection with helping the school teachers financially.

#### McLEOD IN ROSSLAND.

NELSON, October 28.—Rossland Liberals last night nominated City Clerk J. A. McLeod as candidate for the riding.

The Knights of Columbus beat the Knights of Pythias at whist last night by 5 to 3, the same score by which the Elks defeated the G. W. V. A. The St. Andrew's Society also beat the Oddfellows 6 to 3.

#### PAT DALY OF STEWART IS NOMINATED

Labor Men of Mining Town Choose Old Time Miner to Contest Seat.

STEWART, October 28.—The labor meeting here last night was well attended. It nominated Pat Daly to contest the seat in their behalf.

Mr. Daley in a speech said that he would not withdraw for George Casey who had announced himself as a labor candidate.

Mr. Daley's nomination was proposed by Bob Jamieson, a Conservative.

#### VANCOUVER'S SLUMS IN THE WEST END

Many as Eight Families Living in One House Says Health Officer.

VANCOUVER, October 28.—Dr. Underhill, medical health officer, said in an address last night that the real slums of the city were probably in the west end and not in Chinatown. In some houses as many as eight families lived.

Sir Arthur Currie, president of McGill University, is in Victoria and addressed the Canadian Club of that city in the Empress Hotel on Monday.

Sheriff Shirley's house on Fulton Street was recently robbed of some tools and yesterday Warden Bailey apprehended the culprit. It was a lad of only four and a half years.

#### Miners' Strike is Settled Subject to Taking of Ballot

Executive of Union recommend Government Terms be accepted as Temporary Measure until National Wage Board is appointed

#### DARING THIEF AT VANCOUVER

Seizes Girl's Hand Bag as She Answers the Door at Doctor's House.

VANCOUVER, Oct. 28.—A daring robbery took place in Vancouver last night. A bandit rang the rear door bell at the home of Dr. J. O. Montgomery and when the door was opened by Miss Ida Montgomery, the man seized her hand bag containing \$16.

#### BOWSER OPENS HIS CAMPAIGN

Tries to Make Capital out of Dual Election and Government Control

MILNER, Oct. 27.—At the opening of the Conservative campaign during a meeting here, W. J. Bowser, charged Premier Oliver with putting the country to needless expense in having two elections so close to each other. He tried to make capital out of the fact that there was as yet no liquor bill drafted and gave as his opinion that none would be drafted until after the election.

#### DOLLY VARDEN ORE IS PROVED

Diamond Drill Shows that the Rich Ore Extends Downwards Far Below Present Workings.

Recent arrivals from Alice Arm tell of the strike of good ore in the Dolly Varden mine, word of which was received recently. They say that it is the same vein as farther up, the value of the find being chiefly in proving that the ore has good depth. The drill hole was run in horizontally from the tunnel on the five hundred foot level and at a little over thirty feet the ore was struck. It was much the same class of ore as is found higher in the vein.

The drill was also turned downwards and proved that the vein has still greater depth. As a result, preparations are being made to drive another tunnel at about the level of the railway, which is something like 700 feet from the highest level of the mine. The recent proof of the extent of the ore insures Alice Arm being a permanent mining camp for many years to come, even if no further mines are discovered and worked.

A. E. Foreman, chief engineer of the public works department at Victoria, has resigned to become associated with a Vancouver company.

B. C. Undertakers. Phone 41.

LONDON, October 28.—The miners' strike is settled contingent on a ballot of the miners which will be taken immediately. Frank Hodges and members of the miners' executive announced the terms agreed on with the Government and which the executive are submitting for a ballot with a recommendation of acceptance as a temporary measure until a national wage board has been appointed to deal with this and other wage questions.

#### SEND BAGGAGE AND MAIL FROM RUPERT SOUTH TO VANCOUVER

SWANSON BAY, Oct. 28.—Fifty men are engaged on the salvage of the Prince Rupert and her baggage and mail. The baggage and mail will be sent south tomorrow on the Prince George and sorted there.

Immediately everything is out of the ship, efforts will be concentrated on the building of a cofferdam which will extend 30 feet above the upper decks of the vessel and will form an outer hull and will be kept on until she reaches the drydock.

#### OLD TIMERS OF THIS TOWN MEET AT PARTY IN VANCOUVER CITY

On Saturday evening last at the home of Mr. and Mrs. J. Carmichael, 196 Avenue West, Vancouver, a very enjoyable gathering was held in honor of Leo Ives, formerly of this city, on the occasion of his birthday. Many former Prince Rupert people were in attendance and the hours were most enjoyably spent in recounting the incidents of earlier Prince Rupert days. For Teddy, the eleven month old son of Mr. and Mrs. Leo Ives, it was an especially happy occasion, as both his grandmothers were present. The evening passed with dancing and singing and after refreshments had been served at midnight the party broke up.

The guests were: Mr. and Mrs. J. Carmichael, Mr. and Mrs. Ives, Sr., Mr. and Mrs. George Townley, Mr. and Mrs. H. Miller, Mrs. H. Killen, Miss Beatrice Killen, Miss Caroline Mitchell, Miss Jean Ives, Miss Florence Ives and Miss Muriel Ives, Messrs. Fred Ives and James Mitchell and Masters Harry Ives and Lawrence Ives.

#### UNION JACK WAS BURNED

Several Hundred People at New York Make Demonstration Against Woman.

NEW YORK, Oct. 28.—Several hundred people solemnly burned the Union Jack here as a protest against the display of the British emblem by Mrs. William Sarrier. The British flag was displayed by the woman while her neighbors unfurled the flag of the Irish republic.

Pythian Sisters Hallowe'en Bazaar Saturday afternoon and evening in new Frizzell block. 54

#### ALL RUPERT RETURNS IN

Returning Officer Mortimer will Now Have ReCount and Announce Final Result

With the arrival this morning of James Thomas from Ocean Falls, Swanson Bay and Smith Sound, the last of the ballot boxes for Prince Rupert district in the recent Prohibition plebiscite have been returned and as soon as things are sorted out and in shape Returning Officer Mortimer will commence the recount and the announcement of the final result for this district will be made. During the past day or so James Neville arrived from the northern Queen Charlottes, E. Rosang from the southern end and Harry Watson from Surf Inlet. The late returns make little difference to the general wet result.

Mr. Mortimer also reports a great number of absentee Prince Rupert votes coming in from all over the province, among which are New Westminster, Vancouver, Victoria, Nanaimo, Allenby and Copper Mountain.

Following are further Rupert district returns not yet announced:

	Dry	Wet
Jedway	1	2
Bella Bella	9	2
Surf Inlet	13	48
Masset	13	19
Ocean Falls	68	244
Hydah	2	0

#### ELKS LODGE IS BEHIND SKATING

Committee Appointed to See That Pond is Made at Morse Creek.

At the meeting of the Elks lodge last night the matter of a skating pond was discussed and it was decided that the Morse Creek pond must be put in shape this winter even if it has to be done by voluntary labor. Accordingly a committee consisting of Ben Self, W. E. Thompson and Fred Gihilly was appointed to see that the work was done either by the city or by organizing a gang of men to go out and do it.

It was felt by the Elks that this was the time for action. The city promised to do it last year but was too late starting and the pond was useless. If anything was to be done this year it must be done at once.

W. Miller, H. J. Moore and Jack Hampson, drunks, were fined \$10 each in the police court this morning.

#### SEVEN PLACES IN THE SENATE TO BE FILLED

Bob Green or Colonel Peck Represent Columbia, says Report

OTTAWA, Oct. 27.—The death of Senator Prince of Hatterford leaves the seventh vacancy in the Senate. It is probable that for some time, as the impression is gathering that some of the present ministers are desirous of getting out of active politics before the election.

Senator says Reid and Crothers are in the Senate and other names are W. R. Smythe, J. Green, C. W. Peck of Skoena, and Peck for the Columbia
